## Adobe Acrobat PDF Filee

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts formatting colours and graphics of any source document, regardless of the application and platform used to create it

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes cannot open files because they don't have the applications used to create the document
- PDF files ***always print correctly*** on any printing
- PDF files always display ***exactly*** as created regardless of fonts software and operating systems. Fonts, and graphics are not affected by platform, software and version incompatibilities
- The free Acrobat Reader is easy to install and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

re: 천주교는 교리를 믿고 개신교는 성경을 믿는다 ?

jjan2369 체택답변수 7 2008.05.16 18:39

개신교도들은 늘 "가톨릭은 성경에도 없는 전통과 전통을 성경의 글들과 동등시하여 하느님의 가르침이 여러 인위적인 가르침을 선물하는 듯교이다. 따라서 <오직 성경>만이 정답이다" 라고 강변합니다.

개신교는 "오직 성경만이 신앙의 유일한 규범이다"라고 주장합니다. 그러면 그들에게 오직 성경만이 하느님의 말씀이다라는 진리와 오직 성경만이 신앙의 유일한 규범이다라는 진리를 <오직 성경>만으로 증명해보라고 해보세요.

그들은 절대 이 질문에 답변 못합니다. 따라서 자신들의 <오직 성경> 구호도 "오직 성경"으로 증명못하면서 가톨릭을 비성경적인 집단으로 몰아세우는 것은 매우 모순된 작태라 할 수 있겠습니다. 개신교의 "오직 성경"구호야말로 매우 비성경적인 주장입니다.

가톨릭이 신봉하는 근본적인 신념와 규범은 바로 "하느님의 글씀 (The Word of God only)" 입니다. 성경 어디에도 하느님의 글씀을 기록된 scripture 만으로 축소해야 한다는 주장을 뒷받침할 수 있는 구절은 없습니다. 오히 사도는 자신의 복음 글이에 (성경의 글에서 학자들은 오한 복음의 저자기 오한 사도를 포함하여 그의 제자를이라고 보고 있지면) "예수님께서 하신 일은 이 밖에도 많이 있다. 그래서 그것들을 낱낱이 기록하면 은 세상이라도 그를게 기록된 책들을 다 담이 내지 못하리라고 나는 생각한다 " (요한 21-25) 라고 기록됩지요. 성경은 하느님의 계시를 전부 담지 못하였다는 사실은 아울게 공백됩니다.

그리고 성 바오로는 코린토 신자들에게 "그러므로 이제 형제 여러분 굳건히 서서 우리의 글이나 편지로 배운 전통을 굳게 지키십시오" (2 데살 2 13)라고 하였습니다. 비단 기록된 글 뿐만이 아니라 산 목로 전해진 그리스도의 가르침을 들려받은 사도들의 가르침을 지키고 따르리고 성 바오로는 종합니다.

"그리스도 예수님 안에서 주어지는 굳음과 사랑으로, 나에게서 들은 건전한 말씀을 본보기로 삼으십시오." (2 디모 1,13)

개신교도들에게 물어보세요. "진리의 기둥은 무엇이냐"하구요. 십중팔구 그들은 "성경"이라고 답할 것입니다. 그런데 성 바오로는 디모데오에게 보낸 편지에서 이렇게 기록합니다.

Dear Group Benefits Administrator

Attached please find an amendment to your Horizon Blue Cross Blue Shield of New Jersey policy, which is effective January 1, 2015. The amendment is being issued to you to comply with certain state-mandated requirements.

Specifically, the amendment indicates changes to the following sections of your policy:

- Schedule of Insurance
- Definitions
- Emergency Coverage
- Covered Charges
- Exclusions
- New Jersey Contraception Rights for Over-Age Dependents

**Please attach this amendment to your policy and issue a copy of the attached booklet letter to each of your employees.**

If you have any questions, please contact a Horizon BCBSNJ representative at **1-800 355-BLUE (2583)**, Monday through Friday, 8:00 a.m. to 8:00 p.m. Eastern Time.

We thank you for choosing to do business with Horizon Blue Cross Blue Shield of New Jersey and look forward to continuing to serve your insurance needs.

Sincerely,

# Executive Summary

April 5 2016

Global markets rallied in Q1 s second half erasing an early-year slide to finish the quarter down just slightly While sharp downswings like January s are uncomfortable, strong returns in late February and March show how quickly corrections can reverse, rewarding disciplined investors. We believe stocks will keep rewarding discipline as the bull market continues this year

2016 seems set to become the Year of Falling Uncertainty The year began with huge uncertainty surrounding US elections, low oil prices, China, negative interest rates and the UK s burning "Brexit" vote on staying in the EU None are disastrous but combined they fueled massive fear As these fears sunset and uncertainty falls, relief should boost stocks. Some, like the Brexit vote and US elections have fixed expiration dates which should bring investors more clarity, while others fade with time. While there are still factors that could whack sentiment later this year they likely lack the power to end the bull market. But they could stoke volatility and influence (positively or negatively) full-year returns Ultimately, we believe the bull market continues and whether full year returns are great or just ok, owning stocks is the right decision

Countertrends in Energy Financials and Health Care impacted relative returns However, short-term countertrends are normal, especially during corrections As we'll detail in the full Review & Outlook, we don't believe these sectors fundamental outlooks have changed. Reacting to recent trends is unwise—discipline is often rewarding.

America's election is seven months away and still impossible to handicap, but markets will steadily gain clarity The field has narrowed Hillary Clinton is the likely Democratic nominee, and the GOP is Donald Trump s to lose. Yet events could derail either campaign so uncertainty persists. Most of this fog should dissipate by convention season, giving markets fewer wild scenarios to fret and helping investors narrowly their focus and price in the outcome Ou November 8 uncertainty evaporates, letting investors get on with life—a powerful positive.

Politics are emotional, and bias blinds—hence our political agnosticism Markets prefer no candidate or political party Headlines speculate on whether Trump Clinton, Bernie Sanders Ted Cruz and the rest will be good or bad for markets—all bluster, not substance Campaign rhetoric rarely becomes law as presidents moderate or hit a Congressional brick wall Moreover stocks price all term ons. good and bad Fear will be baked in soon enough, allowing markets to warm to the eventual winner The closer the election, the more markets will embrace the victor

Other lingering questions should similarly fade. "Brexit" will be clear after the June 23 referendum. If the UK stays in the EU, markets will likely cheer the status quo. If it leaves, at least we ll know, and after some uncertainty markets will see it isn t the disaster most presume. Fears of China negative rates and low oil prices lack fixed end dates but are either misinterpreted or small and investors should get over them soon enough. China is growing, not collapsing. The eurozone has had negative rates since June 2014 yet it has grown with lending

# Avery T Shirt Transfer Sheet Instructions

Items needed

Cotton or Poly/Cotton Blend White or Light Colored Garment
***For Best Results...***
***use 50/50 Poly/Cotton Blend***

Ink Jet Printer

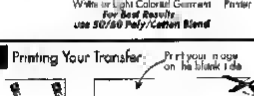
Household Iron (No Steam)

Ironing Pillowcase

Hard Smooth Surface (Not Glass or Ironing Board)

NO Ironing Board or Glass Surface

## 1 Printing Your Transfer:



BACK (page side)

FRONT (blank side)

PRINTED

- Make sure image is flipped **(reversed)** when printed
- Refer to **Formatting and Printing Tips** guide to design print, and flip your transfer
- Trim around image before ironing.

## 2 Preparing to Iron **Adult Supervision Required**

- Hottest Cotton setting
- Preheat 5 min
- No steam

- For proper pressure use an ironing surface that is waist level or below
- Fold the pillowcase in half and place it on a hard, smooth surface with the seam of the pillowcase hanging over the edge.
- Iron the pillowcase to remove any wrinkles
- Place garment on top of the pillowcase with the area to receive the transfer in the center of the pillowcase.
- Iron garment to remove wrinkles
- Position your image face-down on the garment. **The Avery flap should be face-up.**

## 3 Ironing Time

**3 minutes total**

- **Iron for 3 minutes on images larger than 1/2 page**
- Ironing for the full time with firm pressure is very important...

For smaller images, see the back page for correct ironing times

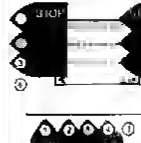
NOTE: Make sure your iron does not automatically shut off

## 4 Ironing

Step 1

Using firm pressure slowly iron from one side to the other (20 seconds per pass). Use a slight overlapping passes to completely cover your image, especially the edges.

Step 2



Using firm pressure slowly iron from bottom to the top (20 seconds per pass). Use enough overlapping passes to completely cover your image, especially the edges.

## 5 Back Paper Removal

(approximately 2 minutes)

Peel from corner using firm steady pressure. If tearing occurs start another corner

*NOTE: If paper is difficult to peel, see back page for tips*

## 6 Washing Instructions

- Wash garment separately from other clothes (first time only)
- Turn garment inside out if possible
- Machine wash cold
- Colorsafe detergent
- No chlorine bleach
- Remove promptly from washer. Colors may bleed if left wet too long. If bleeding occurs, rewash immediately

# HP Fax Products - Testing Your HP Fax Machine with the HP Fax Test Service

Introduction
This document will assist you in testing your **HP Fax** machine using the **HP Fax Test Service**.

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of this page.

Test your fax machine
To test the capability of your fax machine, follow the directions below:

**NOTE**
Be sure that your phone number is not Caller ID blocked by your telephone company, prior to attempting to send and receive a fax. Prefix #82 before dialing the toll free number will unblock the Caller ID blocking feature in most areas. Other phone company services can prevent you from receiving a fax, including voice mail, call blocking, or call privacy features.

**NOTE**
Whenever troubleshooting a fax issue, it is good practice to set the *Automatic Reports* option to **Retry Error** before attempting a test fax. This way, even if the sent fax fails, an error code will be generated that will guide you in future troubleshooting steps. This option is available on different product lines on different products; consult the product *User's Guide* for specific steps.

1. Send a one-page black and white test fax to **1 888 hpfaxtest** (1-888-473-2983).
2. When your fax is received by the **HP Test Fax Service**, we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes, there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

**NOTE**
The most common cause of failure is that the fax number set in the Fax Header on the machine does not match the number of the phone line connected to the fax. Also, ensure that the fax header contains the full 10-digit telephone number of the fax machine, including the area code.

For more information or assistance, click **Contact HP** at the top of this page.

# How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?*

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

**To test the send functionality of your fax machine,** send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Table 4 Test Set Keypad Controls and Indicators (Cont'd)

| Key | Description |
|---|---|
| RCL Key | The RCL (Recall) key is used for the storing and recalling of repertory dialing numbers. See the Programming Speed Dialing Numbers Section. |
| FLASH Key | The FLASH (Hook Flash) key is used to interrupt loop current for a timed duration. The FLASH key only operates when the test set is off-hook. When pressed, the FLASH key will interrupt loop current for the programmed hook-flash duration. See the Hook Flash Duration Section. |
| LNR Key | The LNR (Last Number Redial) key is used to redial the number most recently dialed. See the Last Number Redial Section for more detail. |
| PAUSE Key | The PAUSE key is used to insert a timed pauses into a stream of dialed digits. The PAUSE key is commonly used in combination with speed dial numbers that will be dialed out through a PBX. The duration of the pause is user programmable. See the Pause Duration Section. |
| STORE/PROG KEY | The STORE/PROG key is used for storing speed dialing numbers and for programming special test set functions. |
| TONE/PULSE KEY | The TONE/PULSE key is used to switch between tone and pulse dialing. The TONE/PULSE key is only active when the test set is off-hook. Any time the test set goes off-hook it is automatically set to tone dialing. Once off-hook, pressing the TONE/PULSE key will change the dialing mode to pulse dialing. Pressing the key again will switch back to tone dialing. |
| TEST Key | The TEST key (see Figure 3) is used to perform three different tests. Two of the tests are performed when the test set is on-hook and one of the tests is performed when the test set is off-hook. The results of the tests are meaningful only if the on/off hook tests are associated to by and way of a subscriber line.<br><br>When the test set is on-hook, pressing the TEST key causes two tests to be executed. Both tests are performed simultaneously. When the TEST key is pressed, the test set will search for data on the telephone line. If the test set detects data, the data detect alarm sounds for about 5 seconds letting the user know there is data on that particular line. If there is no data, the test set sounds a brief confirmation tone indicating the test was run and no data was detected. Simultaneously, the test set will measure the DC voltage across Tip and Ring and will display by LED whether the voltage is high, low or normal. The indications provided by the test are described under HI/LO Voltage LEDs. The purpose of the test is to give the techn cian a rough idea of the DC voltage on the line. For example, the user runs the test, expecting a normal battery feed of -48 Vdc on a particular line, instead the amber LED flashes indicating the dc voltage is lower than a normal CO battery. This tells the user that they may be connected to the wrong pair and should do some further investigation to find out why the pair's battery is not normal.<br><br>The HOL LEDs double as low loop current indicators. When off-hook and the TEST key is pressed. If the current reading is below 20 mA, the LED corresponding to the line polarity will flash for 5 seconds. If the loop current is normal the LED will light solid. Low loop current may indicate a problem on the line. |
| Light Emitting Diodes (LEDs) | All LED indicators are located on the keypad (see Figure 3) inside the recessed area. |
| MUTE LED | The MUTE LED flashes when the mute function is activated. |
| LOW/LO Battery LED | The LO BATT LED (low battery) (see Figure 3) flashes when the 9V battery is nearing the end of its life. The low battery LED will only become active in operating modes that use the battery. |

# Windows® Fax and Scan

Create, scan, and fax your documents

**FAX** You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone line to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem and, then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

**SCAN** After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

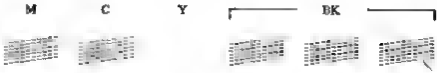
## The Print Quality Check Sheet

Check that the dotted lines forming the four color blocks are all visible with no gaps.



---

This Brother inkjet machine has been finely tuned to provide excellent, accurate and long lasting printed pages when using Genuine Brother Innobella(TM) ink.

The use of non-Brother inks in this machine may potentially result in inferior output quality and/or machine damage.

Any required repairs for damages proven to result from using non-Brother inks in this machine may not be covered by the original machine limited warranty.

We strongly suggest you use only Genuine Brother Innobella(TM) inks when it is time for you to replace the ink cartridge(s).

**Additional Message**

The European languages are members of the same family. Their separate existence is a myth. For science, music, sport, etc, Europe uses the same vocabulary. The languages only differ in their grammar, their pronunciation and their most common words. Everyone realizes why a new common language would be desirable: one could refuse to pay expensive translators. To achieve this, it would be necessary to have uniform grammar, pronunciation and more common words. If several languages coalesce, the grammar of the resulting language is more simple and regular than that of the individual languages. The new common language will be more simple and regular than the existing European languages. It will be as simple as Occidental; in fact, it will be Occidental. To an English person, it will seem like simplified English, as a skeptical Cambridge friend of mine told me what Occidental is. The European languages are members of the same family. Their separate existence is a myth. For science, music, sport, etc, Europe uses the same vocabulary. The languages only differ in their grammar, their pronunciation and their most common words. Everyone realizes why a new common language would be desirable: one could refuse to pay expensive translators.

## Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

## Choose your connection

You can connect your printer to your existing wireless network or it rectly to your computer using a USB cable (not included). See below for details on each connection method

**Note:** Do not connect the printer to your computer until you're instructed to do so.

### Wireless connection

You must install the software on every computer from which you want to print. For the first installation, we recommend using a temporary USB connection to simplify wireless setup. After the printer is connected to the network, you will be prompted to remove the cable.

If you're using Mac OS® X 10.8 or don t have a USB cable you need to use the buttons on the printer to select wireless settings

Make sure you know your network name (SSID) and network password

- Network name _____
- Network password _____

If you don t have the information, contact the person who set up your network.

### Direct USB connection

Make sure you have a USB cable (not included).

## 8 Install software

**Note:** If your computer does not have a CD drive, you can download the software from the Epson website, as described under Epson Technical Support.

1 Make sure the printer is **NOT CONNECTED** to your computer

**Windows®:** If you see a Found New Hardware screen, click **Cancel** and disconnect the USB cable. You don't install your software that way.

2 Insert your product CD.

Run Setup.exe. If you see the User Account Control screen, click **Yes** or **Continue**.

**Mac OS® X:** Double-click the Epson icon

4 Click **Install** (Windows) or **Continue** (Mac OS X) and follow the on-screen instructions

## Any problems?

If you experience problems during setup see below

### Network setup was unsuccessful

- **Make sure you select the right network name.**
- **If your network has security enabled make sure you enter your network password (WEP key or WPA passphrase) correctly. If it has uppercase (ABC) or lowercase (abc) letters, make sure you enter them correctly.**

Repeatedly press the numeric keypad buttons as necessary to select uppercase letters (**ABC**) lowercase letters (**abc**) or numbers and symbols (**123**)

Press ▶ to move to the next character

Press ◀ to delete.

Press the **OK** button when you're finished entering your password

- **If you see a firewall alert message, click Unblock or Allow to let setup continue.**

### You see error messages on the printer's LCD screen

See your Quick Guide for troubleshooting information

### Setup is unable to find my printer after connecting it with a USB cable.

Make sure it is securely connected as shown

## Pre-Authorized Cheque (PAC) Plan Authorization and Agreement

**Payor Detail s**

Payor Name(s) _____ Policy/Certificate Number(s) _____

Address _____

City/Town _____ Province _____ Postal Code _____

Phone Number (Res) _____ (Bus) _____

Please indicate each insurer this authorization is for: ☐ Foresters Life
☐ Foresters [illegible]

Monthly Withdrawals under this PAC Agreement are: ☐ Personal related ☐ Business related
Withdrawal date requested (Check one): ☐ 1st ☐ 15th ☐ 15th ☐ 22nd

PAC bank account information to be taken from: ☐ Attached VOID cheque
or ☐ Use banking information below (complete only if cheque NOT available):

Transit # (5 digits) _____ Bank # (3 digits) _____ Account # _____

Type of account ☐ Chequing ☐ Savings

Name of financial institution _____

Street address _____

City _____ Province _____ Postal Code _____

**PAC Plan Agreement**
The payor, by signing below, verifies that the payor is an account holder of the account identified on the attached VOID cheque or in the banking information section above and agrees that:

1) Foresters Life Insurance Company ("Foresters Life")/Foresters[TM] is authorized to debit deductions monthly under this PAC Plan Agreement from that account or another account later identified or substituted by the payor for premium and insurance charges for each policy/certificate identified above.

2) The financial institution from which payments are to be drawn is authorized to treat each debit by Foresters Life/Foresters[TM] as though the payor made it personally.

Foresters[TM] is the trade name and trademark of The Independent Order of Foresters ("Foresters"), a financial benefit society, its subsidiaries including Foresters Life Insurance Company ("Foresters Life"), and licensed to use the mark.

### Intersequence Tones

An "outside line" dial tone can be generated within a sequence by appending a , character between digits. Thus, the sequence "9, 1xxxxxxxxxx" sounds an "outside line" dial tone after the user presses "9" until the "1" is pressed.

### Number Barring

A sequence can be barred (rejected) by placing a "!" character at the end of the sequence. Thus "1900xxxxxx!" automatically rejects all 900 area code numbers from being dialed.

### Interdigit Timer Master Override

The long and short interdigit timers can be changed in the dial plan (affecting a specific line) by preceding the entire plan with the following syntax:

- Long interdigit timer: "L:" delay-value
- Short interdigit timer: "S:" delay-value

Thus, "L=8,( )" would set the interdigit long timeout to 8 seconds for the line associated with this dial plan. And, "L:8,S:4 ( )" would override both the long and the short timeout values.

### Local Timer Overrides

The long and short timeout values can be changed for a particular sequence starting at a particular point in the sequence. The syntax for long timer override is "L:" delay-value "|". Note the terminating space character. The specified delay-value is measured in seconds. Similarly, to change the short timer override use "S:" delay-value <space>.

### Pause

A sequence may require an explicit pause of some duration before continuing to dial digits, in order for the sequence to match. The syntax for this is similar to the timer override syntax: "P" delay-value <space>. The delay-value is measured in seconds.

This syntax allows for the implementation of Hot Line and Warm-Line services. To achieve this, one sequence in the plan must start with a pause, with a 0 delay for a Hot Line, and a non-zero delay for a Warm Line.

### Implicit sequences

The SPA implicitly appends the vertical code sequences entered in the Regional parameter settings to the end of the dial plan for both line 1 and line 2. Likewise, if Enable...IP Dialing is enabled, then ip dialing is also accepted on the associated line.

### Examples

The following dial plan accepts only US-style 1 + area-code + local-number, with no restrictions on the area code and number:

**Welcome to Online Learning at Aspen University. This web-based study guide indicates all learning activities and assignments for both online interactive and online independent students.**

***Note:*** The class manual (that describes how to navigate the online classroom environment) and some of the course readings are in Portable Document File (PDF) format and require Adobe Acrobat® Reader™ to view them.

You can print this online study guide module-by-module directly from the print function on your web browser.

If you do not have Acrobat® Reader™ it is available as a free download here:

## Modules

The course is divided into modules and each module has its own page. Each module is divided into the following sections:

**Objectives**-The objectives describe what you should be able to do when you have completed the module. You can use these objectives to gauge your understanding of the material. If you find after completing the reading and exercises and participating in online discussion -that you cannot meet one or more of the objectives, notify your instructor so you can get assistance.

**Required Reading**-Reading assignments can include chapters in the course text(s), reprints of journal articles, and/or other documents that are provided to you with the course materials.

***Note.*** *If you have not already done so, you can order your required textbooks and or case studies online. Click here to go to the bookstore.*

**Assignments**-These activities help you master the modules

## Troubleshooting Steps

The steps listed will help with resolving common faxing problems.

- Switch off the modem and unplug power adapter from device and from wall outlet. Let them remain in this state for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect the fax machine directly to the Vonage device, bypassing any home wiring.
- If using an ATA-Only device, temporarily disconnect device from PC.

RE: Unauthorized Check Card Transactions
ACCOUNT: 4430-4000-1252-1272

Dear RICHARD A KARLIN,

You contacted us recently to dispute an unauthorized transaction(s).

In order to further our investigation, we require written confirmation of your verbal inquiry regarding these transactions. In accordance with this request, an Affirmation of Fraud and Forgery is enclosed. Please complete and return the affirmation in the enclosed envelope or fax it to 1-402-916-5155.

Please be advised that we have issued a provisional (temporary) credit to the account, in the amount of $199.00, which includes all applicable fees assessed to your account as a direct result of the disputed transaction(s).

This is a temporary credit pending our investigation of your claim that an unauthorized transaction(s) occurred. During our investigation of your claim you will have full use of the funds.

If for any reason you are no longer disputing the transaction(s) listed on the attached affirmation, it is important that you notify us immediately.

If you have any questions or if we may be of further assistance, please call Fraud Management Services at 1-800-228-2771. Thank you for banking with us.

Sincerely,

## Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

# Lead Management Solutions

Don't let the dollars you spend on exhibiting go to waste!

**SWAP™** is the latest in lead retrieval. Show representatives can download an application directly to their phones, enabling them to capture leads anywhere in the booth, sessions, meetings, events, in the hallway, on the bus, etc. Notes can be taken with each lead. Now lead retrieval is no longer limited to the show floor or by show hours.
**All leads captured are consolidated in your SWAP Portal.**

**The Optium™ S400** is the new standard in lead retrieval. This compact, lightweight unit is designed to fit easily on any exhibit booth counter. This unit includes a paper printout, and leads are also instantly captured via an on-board USB drive which allows for quick and easy follow-up. The optional custom lead form printout makes lead qualification a snap. All contact and demographic information is safely backed up in its internal memory.
***Requires electricity.***

**The Optium™ TS600** adds a full color touch screen with easy-to-use onscreen electronic qualification to the Optium product line. The TS600 includes a paper printout as well as an on-board USB drive to instantly capture leads and allow for quick and easy follow-up. Attendee demographic information and survey responses are safely backed up in its internal memory. Standard onscreen qualification is included. If custom questions are desired, please contact our Lead Management Specialist for the custom survey template.
***Requires electricity.***

**The Optium™ RT1000** reader caters to exhibitors who require a mobile method for capturing information and instant access to that data. The RT1000 is a handheld wireless unit that immediately sends leads to a secure, password protected website. Lead follow-up can begin immediately and booth activity can be monitored, in real time, from remote locations. A color screen with a full QWERTY keyboard provides the ability to add custom notes and also allows for easy electronic qualification through a standard or customized survey. If custom questions are desired, please contact our Lead Management Specialist for the custom survey template.
***Battery Powered – No electricity required.***

**ExpoCard® Connect** For exhibitors that want optimum customization and qualification using their laptop or PC. ExpoCard Connect gives exhibitors the option to use a standard set of key qualifiers or to fully customize an in-depth survey which they can use to quickly mark booth visitor. Contact information can be quickly edited for accuracy and the large notes field provides for additional in-depth information capture. Each package includes software, a cable connector and badge reader. Laptops are not included but available under our "Full Service" option – call for details. Please indicate your desired survey level when placing your order. ExpoCard Connect runs off a USB stick and no software installation is required.

***NOTE.*** *Not all products offered at all shows. For Assistance Call 888.267.4481 or 800.787.0476*

Do we see
how much

Dear dragons...

I write these lines as a humble invitation. I write to those who are dragons... walking the plane of this world in human guise.

None of us can deny that we are human. We have human parents... memories of our growing up as human beings... we have human lives now, no matter what we once may have been. Still some of us can say to not be a dragon in some way.

Our paths are so very different. Some are at the beginning of their journey and some near the end. What connects us is this feeling, this knowledge, that there is more to this world, to everything around us... to life itself. And yet, we are scattered over the world. There is no obvious we.

How many dragons have you met on your journey? Who do you call good friends? Who means to you?

No matter how lonesome we all might feel at times and what stories we have to tell we share that special awareness and love for our kind.

What I want to invite you to has nothing to do with doomsday prophecies. I want to invite you all to a moment of awareness and appreciation. December the 21st is the darkest day of the year. We are in the same boat and as the darkest day, let us remember those who are our friends.

On December 21st, take your time to say aloud or whisper the names of those you want to remember. Alone, together with friends prepared or spontaneous. Some might want to have a list of those they wish to call out at the ready and maybe you want to choose a song that holds an empowering meaning to you. Then light a candle as symbol of we all being a light in the darkness for each other and if you want to, play the song in awareness of maybe hundreds of dragons all doing the same. And the calling of names with. I remember you!

Again: this has nothing to do with doomsday prophecies and I certainly do not believe the world to end on December the 21st. It just happens to be the shortest day of the year.

Please pass on the link to this page and invite your friends to do the same.

Let it be our calling. The calling of a memory.

Floating Island Ingredients
8 egg whites
1 tsp vanilla extract
2 cups milk
1 cup granulated sugar
Salt
Custard sauce (see below)

Floating Island Recipe (serve 6).

Step 1 Boil milk in a saucepan over medium heat. Then reduce heat to very low

Step 2 Preheat oven at 250 degrees. Beat egg whites with an electric mixer until foamy. Add a pinch a salt and beat again for a couple of seconds

Step 3 Add sugar and vanilla, one tablespoon after another and beat the mixture

Step 4 With a tablespoon, place delicately the egg whites in the milk, leave for 2 minutes then turn aside and leave again for 2 minutes. Remove whites from the milk and skim.

Step 5 Bake in oven for 20 minutes. The whites will rise so you need a deep baking dish. Let the meringue cool for hour and a half and refrigerate for 2 to 3 hours.

Custard Sauce Ingredients
4 egg yolks
2 cups milk
1/3 cup granulated sugar
Optional: 1/2 or 1 tbs vanilla extract

Custard Sauce Recipe (serve 6)

Step 1 Boil milk and optionally vanilla.

Step 2 Beat egg yolks and sugar until mixture is pale yellow

Step 3 While beating, slowly pour the boiling milk in the mixture

Step 4 In a saucepan, cook over moderate heat, stir all the time until cream coats the back of the spoon, during 5 to 10 minutes. Do not let the sauce boil.

## Organizations and Courts

### Find A Lawyer
Find a lawyer in your area to help you with your legal matter.

### Self-Help Centers
Find a Self-Help Center near you to get additional help representing yourself in court.

### Community Services
Find a local community service organization for other assistance.

### Court Information
Contact information and what you need to know before you go to court.

The **Michigan Legal Help** website helps people who have to handle their civil legal problems without a lawyer. It contains articles about specific areas of the law and toolkits to help you prepare to represent yourself in court. Some forms are completed automatically once you answer simple questions. The website does not provide legal advice, and it is not a substitute for having a lawyer. If you need more help you can search the website for a lawyer, a self-help center, or community services in your area. The website does not cover all areas of law but new tools and information are added regularly.

# RHINE GORGE MAP

## A few of the sites along the Rhine:

### Kurfürstliches Residenzschloss

It's from the 14th century and one of the popular places for wedding ceremonies in the Koblenz.
Between the river is also a "Deutsches Eck" (corner), making it look like the words of "Deutsches Eck" is summer

### Koblenz

At the confluence of the Mosel and the Rhine. This flourishing city was once thanks to a residence by archbishops.

### Königstuhls Castle

is probably the best known of the Rhine castles mainly for the Prussian royal family during the Romantic age. Crown prince later King Frederick William IV was given the ruin of the castle, which had been vague in the 19th century as a present. He had it rebuilt by 1842 as a romantic residence under the direction of the Berlin architect Karl Friedrich.

### Marksburg Castle

150 m over the Rhine, is the best preserved castle on the Rhine. first settlement on the 13th century

### Burg Maus

Construction on the castle began in 1354 and lasted more than 20 years. The Counts of Katzenelnbogen were responsible for building the castle on the Trier Electors' family taking shape above the town of Wellmich, at the "mouse" which was once to be given and by the "cat" of Kaub-Gutenfels. Burg Maus is simultaneously one of the finest, fortified buildings along the Rhine. Between 1900 and 1906 the castle was carefully restored will isolated exceptions to historical detail. Privately owned and not open to the public.

### Rheinfels Castle

a 1245 the expansive complex of Rheinfels Castle was built over St. Goar on the Rhine. In 1655/56 the castle was besieged unsuccessfully several times by various armies of German and royal resistance. After an unsuccessful attack in 1692/93 Rheinfels was finally blown up by the French in 1797. One third of the castle has survived and now houses a museum, a restaurant, and a hotel.

### Ehrenfels Castle

is associated with several legendary tales originating in German folklore. It appears in many forms, but is best known through a poem by Heinrich Heine that begins "Ich weiss nicht was soll es bedeuten" (which roughly translates to English, "I don't know what it means") in the most common form of the story, the hero is made to be a soldier who throws himself into the Rhine in despair over a faithless lover and becomes a nixie which entices other fishermen to their ruin.

### Sooneck Castle

The first construction dates back to the year 1000 and the time of Bishop Willigis of Mainz. It had however fallen into ruins by 1689. Crown Prince Frederick William of Prussia saw it in 1834 and had it rebuilt in pseudo-Gothic style, as with the ruins of Rheinstein and Stahleck. It is impressively situated perched high over the "Soonwald" forest.

### Klopp Castle

Was erected upon the foundations of a Roman fortress and in the Middle Ages was the seat of the bailiff of the Archbishop of Mainz. It was here that Emperor Henry IV was taken prisoner by his Hohenstaufen foes and subsequently forced to renounce the crown.

## Comments

This truck is in great condition inside and out. 90% of miles are freeway driven. Front brakes were just done. Rides very pretty. Window in front and back will lock when it is back 2 doors. Never had any problems with this truck and has been a real pleasure to drive and. It's been 10 years and it is a daily driver for me. Has dent on tailgate of decals and silver job done by shop inside is pretty low as well but has lots of scratches and marks great condition since I've had it lots of materials. It is gonna have to go as the bed is too big for my garage and I need a van since I've had a lot of materials.

## Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts formatting colours and graphics of any source document regardless of the application and platform used to create it

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file All you need is the free Adobe Acrobat Reader Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts software, and operating systems Fonts and graphics are not lost due to platform, software and version incompatibilities
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

# Proclamation

## WATER RESTRICTIONS IMPOSED
### for the remainder of Irrigation Season

**WHEREAS,** The Payson City Council is authorized to protect and provide for the public health, safety and general welfare of its citizens; and

**WHEREAS,** the City is experiencing extreme drought conditions with our pressurized irrigation system; and

**WHEREAS,** the Payson Lakes reservoirs are at critical low levels and are not sufficient to assist in the Pressurized Irrigation system through the irrigation season; and

**WHEREAS** a class 10.5 of the Payson City Ordinance authorizes and empowers the Mayor during times of emergency to issue an order regulating the use of water; and

**NOW, THEREFORE,** I, Richard D. Mecham, Mayor of the City of Payson, do hereby declare said effective August 12, 2013, and continuing until the end of the irrigation season (September 30, 2013), the Citizens of Payson shall restrict watering with the Pressurized Irrigation system to twice each week as follows:

All water users with odd numbered addresses shall water only on Tuesday and Saturday.

All water users with even numbered addresses shall water only on Monday and Friday.

There shall be NO watering on Wednesday Thursday and Sunday.

Watering times are from 6:00 p.m. to 10:00 a.m. Restrict watering times to 20 minutes or less per station or zone.

Large water users, Churches, Schools and City parks will water during the day so that the residents will have sufficient pressure to water their properties.

City employees will be enforcing the water restrictions first with a warning and then with a citation. The first citation shall be issued in advance with a recommended fine of $25. The second and subsequent citation shall be considered a Class C Misdemeanor and shall require a mandatory court appearance in the Payson Justice Court and may result in a fine up to $750.00 and/or incarceration up to ninety (90) days.

*Cross connecting culinary water with pressurized irrigation waters is illegal and can contaminate drinking water.*

Is that alright? I drove all night

I taste your sweet kisses
Your arms open wide
This fever for you
Is just burning me up inside

I drove all night to get to you
Is that alright?
I drove all night, crept in your room
Is that alright? I drove all night

I drove all night to get to you
Is that alright?
I drove all night, crept in your room
Is that alright?

Po-Joke #24

A nurse is giving a young medical intern a tour of the hospital.
The intern approaches one bedridden patient and asks, "Why are you here?" The patient replies, "Wee sleekit cowerin' timorous beastie/O what a panic is in thy breastie."
The intern moves on to the next bed and asks the same question. "Why are you here?" The patient answers, "O my luv is like a red, red, rose that's newly sprung in June."
The intern moves on to a third bed and asks again. "Why are you here" to which the third patient replies, "The best laid plans of mice and men may often gang awry."
At this the intern turns to the nurse and asks "What ward is this anyway?" And the nurse answers "It's the Burns Unit."

## Installation Requirements

Please check to see that you have the following

1. OBi302 Device
2. Ethernet Cable
3. Power Adapter

You will also need:

1. One Touch-Tone Phone
   This can be an Analog or Digital Corded or Cordless Phone.
2. An Active Internet Connection
3. Access to the Internet via an Ethernet port on your Router or Modem.
   Note: You may use the OBi302 on a Station by connecting the OBi302 directly to your Broadband Modem.

OBi302 Device

Ethernet Cable

Power Adapter

## OBi302 Installation

Please observe the following steps to install the OBi:

A. Connect a phone to the green **Phone 1** port. Use the outlet currently connected to the phone. An optional second phone or fax machine can be used with the **Phone 2** port.

B. Connect one end of the Ethernet cable to the blue **Internet** port and the other end to an Ethernet port on your Internet router, broadband modem or Ethernet switch.

C. Connect the power adapter to the OBi power jack and a power outlet.

**OBi302 Rear**

*The OBi302 USB port may be used to Flash/Load external storage devices.

## Connection Types & Indication Meanings

| LED State | Light Behavior | What It Means |
|---|---|---|
| | Off | The OBi is not receiving power |
| | Solid Green | The OBi is operational. |
| | Flashing Green | The OBi is looking for a SIP IP Address. |
| | Flashing Orange/ Solid Red | The OBi is upgrading. Do not unplug power! The OBi is non-operational. |
| | Flashing Green (intermittent) | Light flashes when there is data activity on the primary Ethernet port. |
| | Off | The port is not Flashing |
| | Solid Green | The phone is ready to be used. |
| | Flashing Green | The phone is in use. |
| | Flashing Green (data activity) | Light flashes when there is data activity on the LAN Ethernet port. |

## How To Set Up Your VoiceMail

1. Initial VoiceMail setup MUST be done from the phone connected to your Phone/Power Home Adapter.

2. After your phone is connected and working properly, pick up the phone and dial *21

3. When prompted, enter your VM Pin (this is found in your order complete confirmation email). You can change your voicemail PIN from this menu.

4. Follow the prompts to record your personalized greeting for your callers to hear.

5. Your VoiceMail is now setup

## Description

Sciatica is not a diagnosis of the sciatic nerve, from the back to the leg. The sciatic nerve supplies the musculature of the hamstrings (knee region), lower leg, and foot and ankle. It also supplies the musculature of the back of the thigh, lower leg, and buttocks and their portions of the foot. This nerve can become entrapped in many different regions.

## Common Signs and Symptoms

- Pain in the back of the thigh, which is traveling below the knee may be worse with prolonged sitting, bending, coughing, sneezing, or straining
- Numbness or weakness affecting the thigh, leg, foot, or ankle
- Deviations in pain in the knee or buttock

## Causes

Sciatica is caused by the irritation of the sciatic nerve due to injuries. The most common injuries are a herniated disc, a ruptured disc, arthritis, spasm of the spine, muscle or tissue impingement, or misalignment of the vertebrae) and pressure from muscles or the pelvis (sitting, pregnancy).

## Risk Increases With

- Any sports activities that cause sudden stress, overuse, or twisting pressure on the spine, most commonly golf ball swinging, baseball, skiing, or any rotator movements, bending, lifting, jogging, track, racquetball, or gymnastics
- Poor physical conditioning (strength and flexibility, maintenance, or weight loss packages)
- Facility history of low back pain or related disorders
- Any extremely sugary, especially "refined"
- Prolonging type of physical stress
- Poor nutritional intake
- Prolonged sitting, especially with poor mechanics

## Preventive Measures

- Use proper mechanics when lifting or lifting
- Age-normally assess up and down the toe, practice of compensation
- Maintain appropriate conditioning
  - Back and abdominal flexibility
  - Back muscle strength and endurance
  - Good cardiovascular fitness
  - Ideal body weight
- If exercise or occupational work are very frequent activity that may be causing or the body under uncontrollable conditions

## Expected Outcome

The condition is usually self-limiting or responds with appropriate conservative, nonsurgical forms proven good surgery

## Possible Complications

- Acute or intermittent discomfort, or paralysis and muscle wasting
- Chronic back pain
- If the sciatic injury was during infection, bleeding, injury to nerves (paralysis or increased numbness, weakness in genitalia), permanent back and leg pain and sexual dysfunction

## General Treatment Considerations

The most common treatment for the sciatic is and its to or the pain and relief sciatica. Exercises to improve strength and flexibility and proper back and knee mechanics are Rehab (medications, a doctor referral to a physical therapy or of the knee injury may be recommended to maximize education regarding back care, at risk, and possibly other treatment and an doctor's where other may a two examination (TENS) or ultrasound. If discomfort and phlebotomy medication be recommended. Occasionally epidural steroid injections, nerve, therapy may be attempted to relieve a mild symptom of irritation. For pain relief to be considered symptoms despite conservative management particularly those with persistent nerve, numbness, or weakness surgery may be necessary and to remove the source of irritation or to relieve nerve when done first.

# Explaining Your Executive JD to Employers

*An executive juris doctor (EJD) has the potential to open up many doors professionally, yet a question that many EJD students may ask is* ***"How do I explain my degree to a prospective employer?"*** *Below are some tips on how to communicate the value of your EJD effectively to perspective employers before and during an interview.*

## The Problem

The roots of the EJD messaging issue are twofold:

1. ***The EJD is unique in American law and education.*** It is not like a Master of Justice, Master of Science in Law, or any other master's degree program. It is rigorous program of study, taking three full academic years in a law school to accomplish.
2. ***It may create a misimpression in employers' minds.*** Employers may mistakenly equate an EJD degree with an Executive Master of Business Administration (MBA) program, which is offered at several other academic institutions. However, Executive MBAs are often earned by attending a number of onsite or online sessions over as short a time as a few weeks.

## The Suggested Solution

The challenge you face is to turn an employer's unfamiliarity with the EJD into a positive, enthusiastic impression, using the persuasive skills you acquired in law school. Here are some recommended strategies designed to accomplish this:

March 30 2015

To All Residents
25 Bay Mills Blvd
Scarborough, Ontario

**Re: Pigeons on the Property**

Dear Resident(s),

We are in receipt of complaints with regards to some residents having pigeons on their balcony. To discourage these pigeons from being on the property please do not feed them. Please be advised that pigeons eat grasses, seeds, grains, berries, discarded food scraps and other items. Therefore there is no reason for you to feed them.

Please be aware that pigeons are part of the wildlife and should not be encouraged to live in residential communities. To ensure that the pigeons move from their current environment please stop feeding them. If you continue to feed them they will remain in the area to nest and continue to breed.

Therefore if you have pigeons on your balcony, please take the necessary precaution to remove them and clean your balcony on a regular basis.

If you are feeding the pigeons and you are allowing them to stay and nest on your balcony you are also responsible for cleaning up after them. Management can assist with arranging for the clean-up but you will be charged back for the cost incurred.

Your full cooperation and understanding in this matter will be greatly appreciated.

Sincerely,

CAPREIT MANAGEMENT

# Cobalt

***What Is It?*** Cobalt is a hard, silvery-white metal that occurs in nature as cobalt-59. Cobalt is a constituent of the minerals cobaltite, smaltite, erythrite, and other ores and it is usually found in association with nickel, silver, lead, copper and iron. Pure cobalt metal is prepared by reducing its compounds with aluminum, carbon or hydrogen. It is similar to iron and nickel in its physical properties. Cobalt has relatively low strength and little ductility at normal temperatures and is a component of several alloys.

| | |
|---|---|
| **Symbol** | **Co** |
| **Atomic Number** *(protons in nucleus)* | **27** |
| **Atomic Weight** *(naturally occurring)* | **59** |

There are nine major radioactive cobalt isotopes (isotopes are different forms of an element that have the same number of protons in the nucleus but a different number of neutrons). Of these only cobalt-57 and cobalt-60 have half-lives long enough to warrant concern. The half-lives of all other isotopes are less than 80 days. Cobalt-57 decays with a half-life of 270 days by electron capture and cobalt-60 decays with a half-life of 5.3 years by emitting a beta particle with two energetic gamma rays, the combined energy of these two gamma rays is 2.5 MeV (one has an energy of 1.2 MeV and the other has an energy of 1.3 MeV). Cobalt-60 is the isotope of most concern at Department of Energy (DOE) environmental management sites such as Hanford, for the cobalt-57 produced more than 20 years ago has long since decayed away. The two energetic gamma rays that accompany the radioactive decay of cobalt-60 make this isotope an external hazard (that is, it can be hazardous without being taken into the body).

**Radioactive Properties of Key Cobalt Isotopes**

| Isotope | Half Life | Specific Activity (Ci/g) | Decay Mode | Radiation Energy (MeV) | | |
|---|---|---|---|---|---|---|
| | | | | Alpha (α) | Beta (β) | Gamma (γ) |
| Co-57 | 270 days | 8 600 | EC | | 0 019 | 0 13 |
| Co-60 | 5 3 yr | 1 100 | β | | 0.097 | 2.5 |

*EC = electron capture Ci = curie, g = gram, and MeV = million electron volts; a dash means the entry is not applicable. (See the companion fact sheet on Radioactive Properties, Internal Distribution, and Risk Coefficients for an explanation of terms and interpretation of radiation energies.) Values are given to two significant figures.*

***Where Does It Come From?*** Cobalt is naturally present as the isotope 59 in various ores and to a lesser extent in soil. Cobalt-60 is produced by neutron activation of components in nuclear reactors it can also be produced in a particle accelerator. When an atom of uranium-235 (or other fissile nuclide) fissions, it generally splits asymmetrically into two large fragments. Fission products with mass numbers in the range of about 90 and 140, and two or three neutrons. (The mass number is the sum of the number of protons and neutrons in the nucleus of the atom.) These neutrons can cause additional fissions (producing a chain reaction), escape from the reactor or irradiate nearby materials. A number of reactor components are made of various alloys of steel that contain aluminum, manganese, nickel, iron and cobalt, and these elements can absorb neutrons to produce radioactive isotopes including cobalt-60. Cobalt-60 is a radionuclide of concern in spent nuclear fuel (as a component of the fuel hardware) and in the radioactive wastes associated with nuclear reactors and fuel reprocessing plants.

***How Is It Used?*** Cobalt is used as a component of several alloys including carbaloy and stellite that are used to make very hard cutting tools. Cobalt is also used in some stainless steels. Alnico, an alloy of aluminum, nickel, cobalt, and other metals, is used to make high-strength, permanent magnets. Cobalt is also used in electroplating to give a hard surface that is resistant to oxidation, and as a blue colorant in pottery enamels and glass. High-energy gamma rays emitted during the radioactive decay of cobalt-60 can be used to detect flaws in metal components and in brachytherapy to treat various types of cancer. (Brachytherapy is a method of radiation treatment in which sealed sources are used to deliver a radiation dose at a distance of up to a few centimeters by surface, intracavitary or interstitial application.)

### Solution ###

There are several causes for a WLAN access point/router that has WPS or AOSS
enabled:

If you would like to connect with WPS or AOSS, you may temporarily disable both your
firewall and the WLAN access point/router or
configure the connection method for WPS or AOSS on WLAN access point/router and
try starting wpa_s

If you do not know how to configure your WLAN access point/router as by WPS or
AOSS see the documentation provided with your WLAN access point/router, ask the
manufacturer of your WLAN access point/router or ask your network administrator

At golfers should aim to have a square club face (parallel to your left forearm, at a 45-degree angle to the ground) at the top of their golf swing. A closed club face at the top will most inevitably mean a closed one at impact. A fully closed face will cause a hook

Therefore I recommend if you are suffering from a hook you should ask yourself what is causing you to have a closed face at the top of the swing. Fortunately I have the answer for you, it is caused by one or a combination of three things. They are poor grip, bad backswing and a downward right hand

**Three steps to curing your golf hook**

Lets study each of these points in order to fix you hook.

**1.. How to fix a poor grip**

At the after a closed club face is caused when you can see more than three knuckles on your right hand to address. This results in the right hand being too prominently on top of the shaft. Equal y you need to check whether the left hand is under the shaft too much because again this will cause face to a closed club face

Whilst you may line up with the fourty grip a no scissors the ball with a square club face you will find as soon as you start your backswing your hands will instinctively rotate to the left to regain a more natural comfortable position. In doing so your club face will close and remain so all the way to the to at your golf swing. So at the top your hands have returned to a relaxed position but the clubhead has turned in such a manner that the face is closed.

As a consequence the club face remains closed on the downswing unless the wrists are rolled to right on the downswing.

To fix this problem simply read now to grip a golf club correctly

**2.. How to fix a bad backswing**

Let's a at in detail at how your bad backswing is causing you to have a closed club face at the top of your golf swing

Typically there are two types of backswing that cause this problem.

The first bad backswing is one that starts too fast. In these circumstances the golfer will begin the club face quickly and then follow this by closing it just as quickly. This results in the face being closed right. Remember that is a factor in baseball where the wrists are rolled to the right as he on his a around his body. Typically though the golfer will roll the closed face too much to the left on his downswing and hence close the club face. Thus if you find yourself hooking the to take a more a to check your backswing to not the fast

The second bad backswing is one where will see golfers pick up the club with a dominate right hand and cast the club over their right shoulder. This action will result in a closed face. This kind of swing more than most makes it for sad easy for the right hand to dominate at the top of a golf swing. Generally though this is a big mers fault where the golfer has a complete lack of understanding of how the golf swing should move in one piece

**3.. How to fix right hand domination**

A th to reason after your grip and bad backswing so is why you may have the golf is you when have a dominate ght hand on your downswing. This will happen when you have a weak position at the top with your left wrist facing under the shaft. a this problem the right hand will control the downswing.

When you hook you will notice your right hand gripping more than your left hand. When in actual fact the left hand should grip more than the right because this is the one right that dominates in the golf swing. This happens naturally with the g p as

"Chris Andy

I must admit that I was a bit sceptical of the a new magic moves. I teach Kicking in the UK and always need proof or solutions. I am invested the free first four chapters and tried things out for myself. I had the opportunity to try things out this weekend a nd my results are amazing. I was hitting my 7 iron 200 yds without effort and my driver close to 300 yds

Most impressive was the direction the ball is travelling STRAIGHT. I wish golf had been taught to me in this simple manner several years ago. It would have taken out a great deal of frustration. Thank you.

Chris Hawkins from the Gold Coast in Australia talks about the origin. The New Four Magic Moves have made to his game. Despite playing golf for 45 years it is only until he discovered The New Four Magic Moves To Winning Golf that he was able to reduce his handicap from 9 down to 6. Without doubt the New Moves normally the only two issues earlier break was the key move for Chris. Life in the Gold Coast is very good for Chris but it just got better when he discovered these four proven secrets to golf success.

**WinPrint Hylafax for Windows 7**

This is rewrited version of WinPrint HylaFax (http://winprinthylafax.sourceforge.net by Michael Rüwel) targeted to Windows 7

This project is targeted mainly for Windows 7 but works on Windows XP too

**INSTALL:**

- OS: Windows 7 (32/ 64 bit), Windows Vista Windows XP
- Directory „Storage" must be writable
- If you have tried WinPrint HylaFax (original version) before remove the printer and uninstall this app. Then delete WinPrint HylaFax (original) library „HylaPrintMon.dll" (from windows\system32 directory and reboot). Don't skip next step until uninstall is complete.

**Installation by Installer (OS Windows XP, Windows Server 2003, Windows Vista 32/64, Windows 7 32/64, Windows Server 2008 32/64 and Windows 8 32/64):**

Download the WinPrint Hylafax for Windows 7 Installer (wphfwin7_setup.exe) Installer link

Run "wphfwin7_setup.exe" select your languages (only Send FAX dialog is translated) and select the aplication. After installation wait 30 sec.

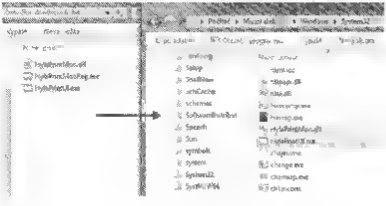
Continue from the step 7 of manual installation procedure.

**Manual installation procedure**

Download and version the file "WinPrintHylafaxforWindows7.7z" package link

Choose your languages folder and then choose the right folder for your system:
Folder "Only-For-Windows-32bit" is for Windows 32-bit system
Folder "Only-For-Windows-64bit" is for Windows 64-bit system

**step 1 )**
Copy files „HylaPrintMon.dll" and „HylaPrintUI.exe" to the C:\Windows\System32 directory.
On x64 systems copy the files by Windows Explorer or any 64bit explorer because of SysWOW64



**step 2 )**
Run As Administrator „HylaPrintMonReg.vbs" and click „INSTALL"

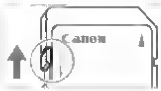
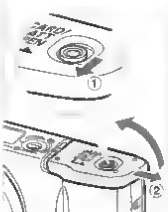
# Inserting the Batteries and Memory Card

Insert the included batteries and memory card into the camera



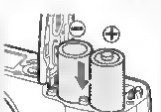
### Check the card's write-protect tab.

If the memory card has a write-protect tab you will not be able to record images if the tab is in the locked position. Slide the tab up until you hear a click.



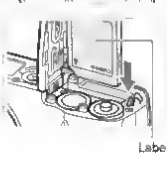
### Open the cover.

Slide and hold the cover lock ①, then slide and open the cover ② as shown.



### Insert the batteries.

Insert the batteries with (+) and (-) ends oriented correctly.



### Insert the memory card.

Insert the memory card as shown until it locks into place with a click.

Be sure the memory card is oriented correctly. Inserting the memory card in the wrong direction could damage the camera.

offerings, black magic, and the walking dead suggest that Voodoo Village is ripe with supernatural activity.

**Woodruff Fontaine House:**

There is one room in this historic home that is purported to be haunted. Molly Woodruff Henning is said to inhabit The Rose Room, though she occasionally wanders throughout the rest of the house. A seemingly friendly spirit, Molly reportedly once instructed museum staff on the correct placement of the furniture in her former bedroom.

**More Memphis Ghosts:**

These are just a few of the many spirits that reportedly dwell among us in the Mid-South. If you would like to go in search of these or other ghosts, be sure to check out these from the Memphis - Mid South Ghost Hunters.

If you manage to encounter any local spirits, we would love to hear about it! Send ghostly stories and pictures to:

Listen to this week's tip

The kids in school-school need it to be long help when they start getting report cards. One of the most common questions I'm asked by parents and grandparents is how to respond to these grades.

The teaching profession is not the only one to report on students' progress. Every year, we get a report on our performance at work. Most companies use regular reports and the same method of scoring.

*We can't be with kids.*

Teachers and parents are not in the room right with them every day modeling respectful behavior, establishing a safe and calm environment, providing immediate instruction and demonstrating excitement for learning.

*We can't control every action they take or decision they make.*

Despite this, it seems right to rely on test scores and report cards to measure successful student learning and growth. Albert Einstein, Henry Ford, Jay Leno and Tim Tebow are some of the notable examples. What is most important is that our children develop good character, social and emotional skills...

*Many highly successful people struggled with grades as children.*

## Confidentiality Agreement for Physician Office Employees

The BC Personal Information Protection Act (PIPA) legally governs personal information collected, used, stored and disclosed by this medical practice. As such, you are required to acknowledge each term of this agreement.

- ☐ I am aware that personal information of both patients and employees that is collected, used, stored and disclosed that comes to my attention as a result of my employment with this medical practice must be kept confidential and secure as per PIPA and the office's policies, both during and after my term of employment.
- ☐ I understand and agree that it is my responsibility to be familiar with the practice's policies and procedures regarding privacy, confidentiality and security of personal information and that I am expected to comply.
- ☐ I will access and use personal information of patients only on a "need to know" basis as it pertains to my role and responsibilities.
- ☐ I will only share personal information with individuals who need to know and who are also involved in providing health care services to the patient.
- ☐ I will strive to keep patient personal information accurate and up-to-date.
- ☐ I understand that I cannot access my own personal information or that of family, friends or co-workers unless they are under my direct care or I need to do so as part of my official duties and responsibilities with the practice.
- ☐ Should I have reason to believe that a privacy breach has occurred, I will notify the individual responsible for privacy within the office.
- ☐ I hereby acknowledge that failure to comply with these terms can lead to disciplinary action, which may include termination of access, termination of employment, withdrawal of privileges, termination of contract and/or professional sanctions.

Dr. P.N. Cundall,
Mining Surveys Ltd.,
Holroyd Road,
Reading,
Berks.

Dear Pete,

Permit me to introduce you to the facility of facsimile transmission.

In facsimile a photocell is caused to perform a raster scan over the subject copy. The variations of print density on the document cause the photocell to generate an analogous electrical video signal. This signal is used to modulate a carrier, which is transmitted to a remote destination over a radio or cable communications link.

At the remote terminal, demodulation reconstructs the video signal, which is used to modulate the density of print produced by a printing device. This device is scanning in a raster scan synchronised with that at the transmitting terminal. As a result, a facsimile copy of the subject document is produced.

Probably you have uses for this facility in your organisation.

Yours sincerely,

Phil.

**How to Calculate Your Remaining Benefits After a Change in Insurer**

| | |
|---|---|
| Example: Orthodontic Treatment as | Starting (start) date: January 1, 2014 |
| United Concordia coverage effective date/level: | July 1, 2014 @ 50% |
| Length of treatment: | 24 months |
| Lifetime orthodontic maximum | $1,000 |
| Allowable orthodontic charges: | $4,500 |

**If you DON'T know the previous insurer's payable benefits:**

| | | |
|---|---|---|
| **Step 1.** Determine the amount paid by previous carrier prior to your change in insurance. | **How to do this:**<br><br>Tally the number of months that fall between treatment start date and United Concordia coverage effective date.<br><br>Then, divide it by the total months of treatment to arrive at a percentage. | **Example:**<br><br>January 1st to July 1st = 6 months<br><br>6 ÷ 24 = 25% |
| **Step 2.** Determine maximum amount payable. | Multiply the allowable orthodontic charges by the coverage level.<br><br>Compare this number to the lifetime orthodontic maximum, and take the lower of the two. | $4,500 x 50% = $2,250<br><br>$1,000 maximum amount payable < $2,250 |
| **Step 3.** Determine amount owed prior to coverage. | Multiply the coverage percent prior to your change in insurance (determined in step 1) by maximum amount payable | 25% x 1,000 = $250 |
| **Step 4.** Calculate benefit payable. | Subtract the coverage percent prior to your change in insurance from the maximum amount payable. | $1,000 – $250 = $750 benefit payable |

**If you DO know the previous insurer's payable benefits:**

| | | |
|---|---|---|
| **Step 1.** Determine the amount paid by previous carrier prior to your change in insurance. | $500 | |
| **Step 2.** Determine maximum amount payable. | Multiply the allowable orthodontic charges by the coverage level.<br><br>Compare this number to the lifetime orthodontic maximum, and take the lower of the two. | $4,500 x 50% = $2,250<br><br>$1,000 maximum amount payable < $2,250 |
| **Step 3.** Determine amount owed prior to coverage | Use actual amount paid | $500 |
| **Step 4.** Calculate benefit payable. | Subtract the coverage percent prior to your change in insurance from the maximum amount payable. | $1,000 – $500 = $500 benefit payable |

2:26) Doers of the good things mentioned in the 15th Psalm will not totter for Jehovah will protect and uphold them.—Psalm 55:22

There is of course more to pure worship than the ten points mentioned in the 15th Psalm. Jesus' followers later learned other things about worshipping God "with spirit and truth." (John 4:23, 24) So can you for people who do these things exist today. Regular association with these Witnesses of Jehovah and study of the Bible will build up hope of life in an earthly paradise where you can be God's guest and friend forever

The only exception is when a covered entity has taken action in reliance on the authorization or this authorization was obtained as a condition of obtaining insurance coverage. To revoke this authorization, please send a written statement to Virginia Nelson at OSU, Student Health Services 201 Plageman, Corvallis, OR 97331 and state that you are revoking this authorization

You do not need to sign this authorization. Refusal to sign the authorization will not adversely affect your ability to receive health care services or reimbursement for services. The only circumstance when refusal to sign means you will not receive health care services is if the health care services are solely for the purpose of providing health information to someone else and the authorization is necessary to make that disclosure.

I understand that the information used or disclosed pursuant to this authorization may be subject to redisclosure and no longer be protected under federal law. However I also understand that federal or state law may restrict redisclosure of HIV/AIDS information mental health information, genetic testing information and drug/alcohol diagnosis, treatment or referral information.
I have read this authorization and I understand it. Unless revoked this authorization will expire on[ one year or specify _____
If I fail to specify an expiration date or event, this authorization will expire one years from the date on which it was signed.

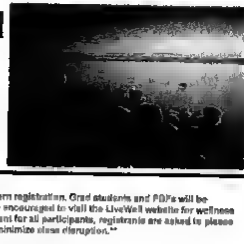
# LUNCH & LEARN



## May 2017

## 12:05 - 12:55 pm

(unless otherwise noted)

**NOTE Staff and faculty will receive priority Lunch and Learn registration. Grad students and PDFs will be accommodated only if space permits. Undergraduate students are encouraged to visit the LiveWell website for wellness opportunities for students. To ensure a quality learning environment for all participants, registrants are asked to please arrive at Lunch and Learns on time to minimize class disruption.**

May 1-7 is Mental Health Week
Visit MentalHealthWeek.ca to GET LOUD for mental health!

## Mindfulness for Mental Health

**Eleanor Frank, EFAP**

**Thursday, May 4**
**Location: ED South, Room 113**

Every time people interact there is an opportunity to build or damage a relationship. Improving the quality of relationships in the workplace can enhance productivity and reduce conflict. This session will review three key tools that can build relationships, will provide coaching on how to use these tools effectively, and will assist participants in developing strategies to address relationship challenges.

## Financial Planning for Retirement

**Ron Graham, EFAP**

**Part 1 Tuesday, May 9**
**Part 2: Tuesday, May 16**
**Location: ED South, Room 113**

This two-part presentation is aimed towards those in their mid-career stage (late 30's to early 50's, generally more than 10 years away from retirement). These sessions will provide some of the financial planning knowledge needed to reinforce the importance of planning *now* for retirement.

** You must be able to attend both sessions to register*

Bring your lunch and join us for these informative sessions. Seating is limited – please register at www.learningshop.ualberta.ca.

For information about the Lunch & Learn program, contact our office at ehs.health@ualberta.ca

reading your time playing on the Web." At that Carl turned and left the room.

Angie was in tears. She was stunned, humiliated, and filled with anger and frustration.

"I want that bigot fired, Angie," yelled Lisa. Several other employees peeked from around their cubicles.

"We'll see," Angie said. She continued down the hall away from Lisa. Angie did not know what she would do from this point on.

## DISCUSSION QUESTIONS

1. Should Angie begin a termination proceeding against Carl? Why or why not? Is a public employee's free time of no concern to the agency for which he or she works? Does your answer depend on whether the employee posted the material on the Web while at work? Carl was a police officer. Why or why not?

2. How should we resolve our commitments to conflicting values? Equality is espoused in the Declaration of Independence as one of the American values-and-guaranteed in the 14th Amendment of the U.S. Constitution, however, the freedom of association is also guaranteed by the First Amendment. How would you rank or order these sometime competing values?

3. Did Lisa act ethically in this situation? Does she have the "right" to demand that

# MICRO-HYDRO INSTALLATION SIZING (PELTON AND TURGO WHEEL TURBINES)

A friend of mine asked me to help size a micro-hydro installation that he was thinking of installing at his cottage. Specifically he wanted to know how to calculate the flow rate of water through a pipe with a given vertical drop. This is a simple pump-sizing problem without a

A micro turbine is a wonderful way to generate you own electricity because it is so ecologically friendly. It has little or no impact on the environment and will provide continuous energy year round at low cost. Unfortunately, not many of us can access this resource since it usually requires a large track of land with a stream. For those of us who live in the country, it is possible that you could have a stream nearby on public land that you could access. In this case it may require a longer line (or penstock) to get the water from its source to your land where you will put your micro-turbine. This article is about how you can figure out how much energy will be available considering your terrain and water availability.

This link will provide you with a pdf version of this web page.

## What is HEAD and why is it used?

The difference in height between the water source and the turbine location is the key to generating power. This height is known as head or more precisely static head. Head is expressed in feet just like height, the difference is when we use the term head, we are actually talking about energy per pound of liquid displaced. So head is just another term for energy, specifically energy per unit weight of liquid displaced. How is this possible? Energy or useful work can be expressed as pound-feet or lbf-ft in the Imperial system. If I divide this term by lbf, I obtain lbf-ft/lbf or feet (ft) and this is what is known as head.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both

**To test the send functionality of your fax machine,** send a one-page fax to +1-510-545-0990 (a number in Northern California.) When it s finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero this site lets you send faxes for free to anywhere n the United States and Canada. Within a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

**Severability of interests** The inability of one insured to receive coverage, because of a misrepresentation to the insurer for example, does not affect another insured who has complied with the terms and conditions of the policy. This provision is important in any insurance policy where more than one individual or entity is an insured.

## Deductibles, Limits, and Renewals

D&O policies are normally written with a single aggregate limit that applies to all losses paid under either of the two insuring agreements (individual coverage and reimbursement of the corporation for indemnity payments made to officers and directors). Separate deductibles apply to each officer and director that is named in a claim, and an overall deductible applies to all claims against individuals. Corporate reimbursement is subject to a separate per loss deductible. Some policies are also written with a co-payment feature, typically 5 percent of the loss above the deductibles.

When the insurer cancels coverage or declines to offer a renewal of a policy on its anniversary, the insured must decide whether to purchase an extended reporting extension to provide coverage for past acts that will not be insured by a replacement policy due to the retroactive date. These **tail provisions** give directors and officers the right to report claims after the policy expires or is canceled, but they do not increase or reinstate the limits. Extended reporting periods from one year to five years have been offered by underwriters, depending upon the relationship with the insured corporation and the circumstances of the cancellation. Most policies also include a provision that allows the insured to report a potential claim where acts or omissions result in an incident that is likely to result in a future claim.

**Tail provisions** These provisions allow the reporting of a claim after the policy period expired as long as the event resulting in the claim occurred during the policy period. You should attempt to negotiate the extended reporting period before purchasing the coverage.

# TEST MESSAGE

Subj: **JULY 23 - Saturday - Oak Lawn, IL - Just To Let You Know**
Date: 6/17/2011 9:44:13 P.M. Central Daylight Time
From: CarFrannck@aol.com
To: kmut@aol.com, olivakop1@aol.com, joy.kopelkin@gmail.com, rkopelki@gmail.com
cc: cwalker@comcast.com
CC: rkopelkin@gmail.com

I received a letter from the American Cancer Society stating that my mother Joy Kopelkin was memorialized through contributions to the American Cancer Society. (We know Mom did not die from Cancer.)

To further know appreciation, they want to honor Mom, Joy, by lighting a ***Luminaria*** in remembrance at an upcoming **Relay for Life event**. They will give a complimentary Luminaria bag to be lit in her name. There will be many others honored on this same day at the same event. The date for the event on the South side is July 23rd in **Oak Lawn** at the **Oak Lawn Pavilion**

If you are free and would like to join me, let me know. I'm planning on participating in the Luminaria Ceremony at dark, not the relay races earlier.
Everyone could meet at my apartment prior to going to the **Oak Lawn Pavilion** about 1/2 mile away

JUST AS AN **F Y I**: Following is A link with information about the event and other things.
www.relayforlife.org/oaklawn

**Luminaria**

One important aspect of the American Cancer Society **Relay For Life** is the opportunity for people to come together to remember loved ones lost to cancer and honor those who have won their battle. One of the most moving parts of the event is the ***Luminaria Ceremony***

As the sun sets over campsites and darkness falls, the night is brightened by the glow of illuminated bags called **luminaria,** each bearing the name of someone who has battled cancer. Some celebrate cancer survivors, while others help us honor and remember those gone too soon.

**Remember - The Luminaria Ceremony**
After dark, we honor people who have been touched by cancer and remember loved ones lost to the disease during the Luminaria Ceremony. Candles are lit inside bags filled with sand, each one bearing the name of a person touched by cancer, and participants often walk a lap in silence.

# Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

# Proposed Legislation Would Allow Arizona To Ignore Federal Laws

February 3 2011

Arizona lawmakers are considering another bill that puts the state in conflict with the federal government

If passed and signed into law Senate Bill 1433 would give members of the state Legislature the power to override federal laws and executive orders.

It would allow a committee of 12 people — six from the House and six from the Senate — to recommend to the full Legislature which laws they think are unconstitutional

Both new and existing federal laws would be up for debate

states that "no authority has ever been given to the legislative branch the executive branch or the judicial branch of the federal government to preempt state legislation."

The bill is co-sponsored by Russell Pearce, the newly minted Senate president who was also the behind Arizona's controversial immigration law last year After that law was passed, the federal government moved quickly to assert its power The Obama administration sued Arizona, saying the

As for SB1433 *Arizona Republic* columnist E.J Montini said it "without having to do so officially " He adds

In this instance, legislators here — who claim to be strict constitutionalists — seem fairly willing to ignore what is commonly called the "supremacy clause" of the U S Constitution (as well as the Fourteenth Amendment), and which more or less say that federal law supersedes state law

We've reached out to Senator Pearce's office for comment. We'll update when we get it

In attention to testing

My name is Jason I m working for a web development company and I'm also into freelancing projects mainly based on search engine optimization and online reputation.
While I was looking for one of my client's profile online I have noticed that you could use some help managing your online presence

The online reviews have a direct and measurable impact on your practice in fact 97% of internet users are researching the web before making decisions If they see anything negative true or not (unethical competition slander or hateful) they will go elsewhere

While there are many companies offering alerts for the negative reviews, almost none of them are actually offering a solution for the problem

I can assist you in managing the negative reviews (unethical competition, slander or hateful. etc), maintain a positive feedback, creating an active defense against any misleading reviews that will eventually come and make sure that people will notice your practice and not your competition

Reviews are simply too important to ignore especially when bad reviews(unethical competition slander or hateful inaccurate or misleading) cost you real money

Even if you are not really interested or you don't care about the online image, feel free to ask for a free online presence report or more information

Kind regards,

Q. Who is qualified to vote an absentee ballot?

A. To be qualified to vote by mail-in absentee ballot, you must be

§ Advanced in age Disabled, or Ill,

§ Military personnel, their Dependents, or Overseas Citizens (For more information please review the Military and Overseas Citizen Page found on this web site),

§ A student who temporarily resides outside the county;

§ A voter who temporarily resides outside of Kentucky and who maintains eligibility to vote in Kentucky, such as a vacationer;

§ Incarcerated, but not yet convicted of a crime; or

§ Employed outside of the county all hours the polling place is open.

Q: How do I request an absentee ballot?

A: You or your spouse, parents, or children may contact your County Clerk to request an absentee ballot application by phone, fax, electronic mail mail, or in person. The County Clerk will mail you the absentee ballot application or you can get an application in person at the County Clerk's office. You can either return the completed application by mail or you can hand-deliver it to the County Clerk's office. Your spouse, parents, or children, or a third party can not hand deliver your completed application to the county clerk.

# Windows® Fax and Scan

*One place to scan and fax your documents*

**FAX.** You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

**SCAN.** After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

# CONGRATULATIONS!

**You've finished your first exam, and have made it to Week 6! You should now be able to view the detailed results of your exam as well as the grade distribution.**

**Here is what you should be doing this week:**

**1. Reading: Read chapter 6 and view the slide show.**

**2. Group Discussions: By MONDAY of THIS week, you should choose your group for the next few weeks. This time I will not allow anyone to join late--the *Groups* button at the top of the page will disappear and you'll only be able to access your group's discussion board via the *Discussions* button.**

**4.Term Project: Your term project is due on October 22. If you haven't started on it, you should do so now.**

## Hang in there! You're doing great!

# Employer's Guardian, LLC

www.employersguardian.com

## Employer's Guardian Defined

**CORE COMPETENCY SPECIALIZATION**

[illegible] are aligned when competencies primarily on their core competencies. Employer's Guardian has expertise in HR, OSHA, and Payroll. Small to mid sized employers have a daily need, but little they simply, thereby providing our clients with Fortune 500 levels of HR & OSHA guidance.

**INDUSTRIES SERVED**

Employer's Guardian has helped companies in many industries. For example, Construction, Manufacturing, Auto Dealerships & Tires, Medical, Insurance, Plumbing, Engineering, and Security, Hotels.

**EXPERIENCE**

With over 50 years of combined experience, Employer's Guardian provides an unparalleled level of expertise in Human Resources, Risk Management, Payroll Processing, and Management counseling.

Good companies become great when they are supported by professionals that allow the management team to focus on building the business. They don't wait until they have 50 or 250 employees to make the commitment to become great. Employer's Guardian bridges the needs of the good small to medium sized employer so they can become *the* great company they envision.

Employer's Guardian is founded on three fundamental beliefs:

- Employees need to be productive at a fair price
- Employment practices should not expose an organization to the unnecessary risk of regulatory fines or civil claims
- Risk management programs should protect you from high workers' compensation and general liability insurance costs

The ability for a company to create a viable vision for their company and then have the knowledge, skills, resources, and experience to make it come to life is rare. If you look at the vast majority of successful companies, you will see that these principals were in place.

# Adobe® Customer Support Test Files
# PDF Version 1.6 PDF

This is an example of a version 1.6 PDF

When you create PDF files, you need to decide which PDF version to use. Generally speaking, you should use the most recent version unless there's a specific need for backward compatibility because the latest version will include all the latest features and functionality.

However, if you're creating documents that will be distributed widely, consider choosing Acrobat 4.0 (PDF 1.3) or Acrobat 5.0 (PDF 1.4) to ensure that all users can view and print the document. If you create files with Acrobat 5.0 compatibility or later, they may not be compatible with earlier versions of Acrobat. The following table compares some of the functionality in different PDF versions.

*For more information and a comparison of some of the functionality in different PDF versions see the Adobe® Acrobat® Help*

School Cash Simplified

# SchoolCashOnline

*For safety and efficiency reasons, Peel District School Board would like to reduce the amount of cash & checks coming into our school. Please join the thousands of parents who have already registered and are enjoying the convenience of paying ONLINE! It takes less than 5 minutes to register. Please follow these step-by-step instructions, so you will begin to receive email notifications regarding upcoming events involving your child(ren).*

NOTE: If you require assistance, select the *SUPPORT* option in the top right hand corner of the screen.

## Step 1 Register

a) If you have not registered, please go to the School Cash Online home page https://peelschools.schoolcashonline.com/ and select the *"Get Started Today"* option.

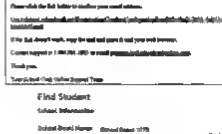
b) Complete each of the three Registration Steps
**For Security Reasons your password, requires 8 characters, one uppercase letter, one lowercase letter and a number*

## Step 2 Confirmation Email

A registration confirmation email will be forwarded to you. Click on the link provided inside the email to confirm your email and School Cash Online account.
The confirmation link will open the School Cash Online site prompting you to sign into your account. Use your email address and password just created with your account.

## Step 3 Find Student

*This step will connect your children to your account*
a) Enter the School Board Name
b) Enter the School Name
c) Enter Your Child's Name & Birth Date
d) Select *Continue*
e) On the next page confirm that you are related to the child, check in the Agree box and select *Continue*
f) Your child has been added to your account
*Note: you may be required to enter your child's student number*



## Step 4 View items or Add Another Student

If you have more children, select *"Add Another Student"* and repeat the steps above. 8 children can be added to one parent account. If you do not wish to add additional children, select *"View Items For Students"* option. A listing of available items for purchase will be displayed.

# Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing:

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Follow up

Not having a scope as suggested to check the video level I resorted to swapping parts
First thing was to try another Fox 1 3 Tx with no improvement
Next a Lawmate 1 3 Tx same result
I then bypassed the RVOSD and the diversity receiver resumed normal operation
Lastly I then tried a different camera (201) wh ch worked with the OSD connected

Sooo what this means is that the 480 camera originally installed was not compatible with the RVOSD and Diversity receiver It would produce a good picture only if the diversity receiver was bypassed I do not have another 480 camera to try but suspect that the problem may be just this camera since I have used it successfully with the same equipment in the past

I flew with the 201 camera yesterday and everything worked fine

## Why we are boycotting CVS/Chase

**– CVS/Chase and Armstrong Development are suing the City of Sebastopol over the recent moratorium on new drive-though businesses which will drain a large quantity of money from the city coffers in legal fees (estimated at up to $100 000 initially) The City has in its budget about $40 000 to pay for such litigation The CVS record of civil and criminal misconduct includes**

In 2006 CVS paid $13 750 000 to settle a class action suit over illegal labor practices.

In 2008 CVS Caremark paid $38 500 000 to settle a case for deceptive bus ness practices filed by 28 attorney generals Also in 2008 CVS Caremark was in court over corruption charges for which a Rhode Island state senator was sentenced to 2 years in prison

In 2009 they were charged with failure to protect patient privacy in violation of federal law and in a related suit paid $2 250 000 to settle a Department of Health and Human Services claim for failing to protect patient privacy under the Health Insurance Portability and Accountability Act

In 2010 they were served with a subpoena due to their business practices being under investigation by twenty four states regarding their customer incentive programs Also in 2010 CVS Caremark was sued by members of the American Pharmacies group in Texas under the Racketeer Influence and Corrupt Organizations Act (RICO) over their requiring patients to buy maintenance medications only from CVS

In 2011 they were sued in Federal Court by pharmacies in North Carolina for threatening to raise co pays on patients who used independent bus nesses to fill prescriptions Also in 2011 a nation-wide class action suit was filed over billing fraud in which CVS was taking cash at the time of sale and then double billing customers HSAs

That year they paid $17 000 000 to settle a related whistle-blower case for fraud

In 2012 they paid $5 000 000 to settle Federal Trade Commission charges over misrepresenting prices of certain Medicare drugs Also in 2012 they settled a $13 000 000 suit filed by the Ventura County DA for extensive mishandling of toxic waste

JP Morgan Chase received $84 7 billion in bail-out funds of which $64 billion is still on the backs of tax payers Since 2009 their executive bonuses fees and credit card interest rates continued to grow while record profits were posted and lending declined They are among the leaders in home foreclosures and are currently being sued by the New York State Attorney General for fraudulent foreclosure practices. They are now under criminal investigation by the FBI over their recent derivatives trading

CVS and Chase are two corporations with well documented records of finding it more profitable to engage in illegal practices and paying tens of millions of dollars in civil and criminal fines annually rather than change their business practices If you are concerned about big box stores (whose profits do not stay in Sonoma County) displacing local merchants or about increased congestion and mall blight at the center of Sebastopol please join us in urging CVS/Chase to drop their law suit against the City of Sebastopol and to remain in their current location Many residents of Sebastopol are boycotting them until they agree to do so

Thank you

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

**To test the send functionality of your fax machine,** send a one-page fax to 1 888 877 1655 (a toll free number in the United States). When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

# Wireless Mouse and Keyboard Troubleshooting Information

If your wireless mouse or keyboard does not respond use this procedure to re-synchronize the devices.

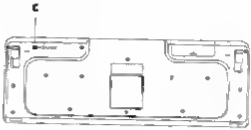
1. Plug the receiver into a USB port on the computer. If you have a choice, a USB port on the front of the computer is best as it will be closer to the mouse and keyboard.
2. Push the Connect button (**a**) on the receiver, and hold for 5 to 10 seconds until the blue light starts to flash.

3. Push and hold the Connect button (**b**) on the underside of the mouse until the blue LED on the receiver stops flashing.

**NOTE:** The receiver connection session times out after 60 seconds. To ensure the connection was established instead of the receiver timing out, move the mouse and check for response.

After the mouse connection is established, repeat the procedure with the keyboard.

1. Push the Connect button on the receiver, and hold for 5 to 10 seconds until the blue light starts to flash.
2. Push and hold the Connect button (**c**) on the underside of the keyboard until the blue LED on the receiver stops flashing.



For additional mouse and keyboard troubleshooting tips, refer to your *Troubleshooting and Maintenance Guide*.

# 針對早日及安全復工的體能表格

## 引言

自一九九八年一月一日起，「職業安全及保險條例」以下簡稱條例）包括了勞資雙方共同合作、努力協助受傷工人復工的責任。在安省，安排一個受傷工人復工是一個僱主和工人雙方的共同責任。這說明雇主必須遵循某些必需程序。

## 體能表格

爲計劃早日及安全復工而設的「體能表格」（即第 2647A 表格）是一種可協助勞資雙方履行復工責任的工具。表格填寫完成後能協助勞資雙方在工人早日及安全復工上作出適當的安排。這提供資料證明工人於受傷後的體能狀況，可使用的能力限制和工人是否需要一段特定的旅復時間。勞資任何一方均可要求填寫該表格。但該表格不能取代「第七號表格」（即僱主填寫的工傷報告或職業病報告）或「第八號表格」（即醫護人員的首個工傷或職業病報告），或任何本局需要勞資雙方填報的表格。

## 工人需簽發放體能資料的證明

工人必須簽署「體能表格」的第二部份，確定同意向其僱主提供其醫護人員所評定的體能資料。

## 勞資雙方於什麼情況下使用「體能表格」？

勞資雙方均可要求治療工人的執業醫理專業人員填寫該表格，以便取得工人受傷後有關工人從事工作場所受傷/職業病康復期間，僱主能夠認可能的工作選擇，爲復工的一部份。

## 誰可填寫「體能表格」？

只有治療工人的執業醫理專業人員才有資格填寫體能表格。所謂執業醫理專業人員，是根據 1991 年的 The Regulated Professions Act 而訂，包括：醫生、香脈治療師、物理治療師等。根據條例，醫生及其他醫護人員不會主動提出填寫體能表格，而只在工人或僱主的要求下才作填寫。

## 工作場所能否使用自製的表格？

工作場所可因應其個別工作環境而採用特別設計的表格以搜集體能資料，不過，本局不會支付給執業醫理專業人員填寫這些自製表格的費用。再者，個別工作場所於設計自製的體能表格時，不可以要求提供工人醫療或診斷的資料。

# Wireless Quick Start Guide

To make a wireless connection between the HP printer and a wireless network, choose one of the following methods.

**Method 1: Use the HP printer software on the computer**

**Note:** Use this method if you have already installed the HP printer using a USB connection and want to convert to a wireless connection.

1. Make sure you have installed the HP printer software on your computer and that the printer is not already connected to the network with an Ethernet cable.
2. Follow the instructions for your operating system.

   **Windows**

   Click **Start**, click **Programs** or **All Programs**, click **HP**, click the folder for your printer, click **Printer Setup & Software**, click **Convert a USB connection to Wireless**, and then follow the onscreen instructions.

   **MAC OS X:**

   Double-click the **HP Utility** icon (located in the Hewlett-Packard folder in the Applications folder at the top level of the hard disk), click the **Applications** icon on the HP Utility toolbar, double-click **HP Setup Assistant**, and then follow the onscreen instructions.

**Method 2: Use the Wireless Setup Wizard on the printer's control panel**

**Note:** To connect using this method, you must have a wireless network set up and running.

**Tip:** Find out the name of your wireless network (SSID) and wireless password (WEP Key or WPA password) if you are using security. You can sometimes find them on the back or side of the wireless router if you have not changed them.

1. Make sure the printer is not connected to the network with an Ethernet cable.
2. On the printer, touch **Setup**, touch **Network**, touch **Wireless Setup Wizard**, and then follow the onscreen instructions.
3. After you have completed the Wireless Setup Wizard, add the printer in your computer.

   If you have not yet installed the HP printer software, insert the HP software CD into your computer and follow the steps depending on your operating system.

   **Windows**

   When prompted, click **Network (Ethernet/Wireless)**, and then follow the onscreen instructions.

   **MAC OS X:**

   Double-click the **HP Installer** icon on the software CD, and then follow the onscreen instructions.

   If you have already installed the HP printer software, complete the following steps depending on your operating system.

   **Windows**

   Click **Start**, click **Programs** or **All Programs**, click **HP**, click the folder for your printer, click **Printer Setup & Software**, click **Connect a New Printer**, and then follow the onscreen instructions.

   **MAC OS X:**

   Double-click the **HP Utility** icon (located in the Hewlett-Packard folder in the Applications folder at the top level of the hard disk), click the **Applications** icon on the **HP Utility** toolbar, double-click **HP Setup Assistant**, and then follow the onscreen instructions.

**Tip!**

If you need further help, see the **Getting Started Guide** provided in-box with the printer, visit the HP Wireless Printing Center (www.hp.com/go/wirelessprinting), or contact your network administrator or the person who set up your network.

STATE OF CALIFORNIA
OFFICE OF PEACE OFFICER SELECTION

DEPARTMENT OF CORRECTIONS AND REHABILITATION
PEACE OFFICER APPOINTMENT SECTION

# PEACE OFFICER CONDITION OF EMPLOYMENT FOR VISUAL ACUITY

OPOS 302-SCL (7/12) (Formerly OPOS 87E - SCL)

NAME: Timothy Abarca

SSN (Last 6): 641043 APPLICATION NO.: 93.76906

I understand the use of soft contact lenses (SCL) assists me in meeting the minimum visual acuity requirements for the Peace Officer position(s) indicated below:

- ☑ Correctional Officer
- ☐ Youth Correctional Officer
- ☐ Youth Correctional Counselor
- ☐ Correctional Counselor I
- ☐ Parole Agent I
- ☐ Fire Fighter
- ☐ Medical Technical Assistant - P
- ☐ Other:

The minimum visual acuity requirements are as follows:

| Classification | Visual Acuity Requirements |
|---|---|
| • Correctional Officer<br>• Youth Correctional Officer<br>• Youth Correctional Counselor<br>• Correctional Counselor I<br>• Parole Agent I | 20/60 uncorrected in each eye and corrected to 20/20 |
| • Fire Fighter - CF | 20/100 uncorrected in each eye and corrected to 20/20 |
| • Medical Technical Assistant - P | 20/200 uncorrected in each eye and corrected to 20/20 |

I declare that my visual acuity condition was present at the time the California Department of Corrections and Rehabilitation (CDCR) offered me employment.

I certify that I am currently and have been for the past 12 months (prior to employment) a successful contact lens (hard, semi-rigid, or soft) wearer. I understand that my use of SCL is permitted as a condition of employment for my vision and that I have a corrected visual acuity of 20/20 or better in each eye. I have verified through my optometrist/ophthalmologist that I have been a successful contact lens (hard, semi-rigid or soft) wearer for the past 12 months prior to employment.

***As a condition of employment with the CDCR, I agree to submit to the following:***

To wear SCLs at all times while on the job and that if I am unable to permanently wear my SCLs or refuse to wear my SCLs, I will notify my supervisor and the Institution's Return-to-Work Coordinator (RTWC) and understand that I may be removed from peace officer status.

To participate in unannounced audits by my supervisor or the official designated by my hiring authority to routinely verify that the SCLs are actually being worn while on duty.

To provide the Office of Peace Officer Selection and the RTWC with an annual report from my optometrist or ophthalmologist verifying that I am continuing to be a successful SCL wearer.

To acknowledge that if I am temporarily unable to wear my SCLs, that glasses and hard or semi-hard contact lenses may not be substituted for SCL use, and that I will not be allowed to return to full duty until I provide an optometrist certification that I can safely wear my SCLs.

By my signature below, I acknowledge that I have read and accept the conditions of employment as listed above.

# Schwab IRA Account Application Agreement

SCHWAB

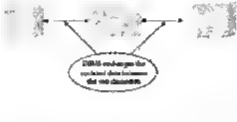
This agreement relates to your Account and is part of the Account Agreement between each account holder and Schwab. Please read and retain for your files.

Replication lets more at different sites use and modify copies of a database and then share their changes with the other users. Replication is a two-step process. First, the DBMS creates copies, called **replicas**, of the database as one or more sites. For example, you could create two replicas as shown in Figure 7.22, and give the "Replica 1 database" to one user to access on a remote location and give the "Replica 2 database" to a second user to use at a different remote location.

FIGURE 7.22
The DBMS creates replicas from the master database

The master database and all replicas form a replica set. Users then update their individual replicas, just as if they were updating the master database. Periodically, the DBMS exchanges all updated data between the master database and a replica in a process called **synchronization**. For example, after the second user returns from the remote site, the DBA synchronizes the master database and the "Replica 2 database" as shown in Figure 7.23. Later after the first user returns, the DBA synchronizes the master database and the "Replica 1 database."

FIGURE 7.23
DBMS synchronizes two databases in a replica set



Ideally, the DBMS should handle all the issues associated with replication for you. The DBMS should do all the work to keep the various copies of data consistent behind the master users should be unaware of the work involved. Access supports replication in the manner described. You'll learn more about replication in Chapter 9.

3 For all reservations, complete the online reservation request form and forward to the System Reviewers for entry into Spaces

4 A standard public space use agreement invoice will be sent to the customer by the System Reviewers. *Reservations for events less than 3 days in advance will be handled by the host library staff. You may create a Public Space Use Agreement invoice under **Quick Links/Signup/Spaces**

5 Once the signed agreement and payment are received a copy will be forwarded to the host library. If the customer makes payment at the library location, notify the System Reviewers so the payment information can be recorded in Spaces. When receiving payment at the library, be sure the amount due in Room Manager reflects the correct rate. Record payment in WCirc other revenues.

## Why Am I Receiving This Statement of Account?

This statement provides you with the most current information about your income tax account. If you owe money to the Canada Revenue Agency (CRA), you will find a remittance voucher at the bottom of the statement.

If you pay your taxes by instalments, these payments will not be reckoned on this statement. Instead, you will receive a summary of your instalment payments in February and August of each year.

## How Is Compound Interest Calculated?

We calculate compound interest each day by first multiplying the unpaid balance by the applicable interest rate and then dividing the result by 365 (or 366 in a leap year). We add this interest to the unpaid balance to get the unpaid balance for the following day. We calculate credit interest in the same way. For 2003 and tax years that follow, credit interest starts to accumulate from the latest of the following dates:

- 30 days after the balance-due date,
- 30 days after the date the return was filed, and
- the day you overpaid your taxes.

The interest rates can change every three months. If we charged or paid interest on your account, you will find the current rates of interest on the front of the statement.

## What Do I Do If I Move or Change My Name?

If you move or change your name, let us know by calling the telephone number shown on the front of the slate mail or by writing us a letter with your new name or address and your social insurance number (SIN). Send the letter to the address shown on the front as soon as possible. If you change your first name and your surname, please send a copy of the official change-of-name document along with your written request. You can also tell us your new address on our **www.cra-arc.gc.ca/enewaddress** Web page.

## Teletypewriter Enquiry Service

A teletypewriter (TTY) is a machine that allows the user to communicate by transmitting typed message over the telephone. If you use a TTY, our agent at our national enquiry service (1-800 665-0354) can help you. Agents are available Monday to Friday (except holidays) from 8:15 a.m. to 5:00 p.m. (local time). From mid-February to April 30, the hours are extended to 10:00 p.m. weekdays and from 8:00 a.m. to 1:00 p.m. on weekends.

Fax something interesting toll free to 1 888-877-1655 or 1 503-200 1300

To the right are pages that folks have faxed us recently. Click any thumbnail to see the large version and rate it for interestingness.

You can fax something interesting to 1-888-877-1655 (your boss will never notice ... maybe) or 1 503-200 1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll free number if you're in the USA.) Keep it clean & legal.

Fax single page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

We hate spam and junk faxes, and will absolutely not send you any unsolicited e-mail or faxes. We won't share your information with marketers or anyone else.

## Ingredients

- 3 large, separated
- 3 Tablespoons cream cheese (softened) OR 3 Tablespoons cottage cheese
- ¼ teaspoon cream of tartar
- 1 Tablespoon honey or
- 4-6 drops liquid stevia or (100% packet (optional))

## Directions

1. Preheat the oven to 300 degrees. Spray with cooking spray and set aside.
2. Separate the eggs very carefully, making sure no yolk gets in the whites.
3. In a small bowl, mix together the egg yolks, the 3 tablespoons of cream cheese OR cottage cheese and the lemon juice until smooth.
4. In a large bowl, beat the egg whites on medium of stove in the egg whites and beat (or whisk) on high speed until they are fluffy (about 2-3 minutes).
5. Very carefully (so the egg whites don't deflate) fold the egg whites into the egg yolk mixture. Gently fold the mixture until the egg whites are thoroughly folded (keep trying to fold it).
6. Add the cream of tartar and beat for 10 more minutes (maybe a little more) until stiff peaks form.
7. Drop by the spoonful onto the prepared baking sheet (I like to use a cookie scoop and it makes it easier).
8. Bake in the oven for approximately 30 minutes. Cooking times may vary, so be sure to watch them carefully.
9. Remove from the oven and let cool on a rack or cutting board.
10. When they are fresh out of the oven they are crispy and crispy to crushed pressure. Once fully completely cool, (after eating them) refrigerate or freeze. Because of the eggs in the recipe, they will change their consistency, no matter what texture they're in and add many to the bowl after the bowl consistency, they will have to beat all, fold, and drop.

8. In addition, we reject Cardinal's claim that the violation of Section 9.5 was not "willful" because Cardinal "relied in good faith" on the guidance made available on the FCC Section 312(f)(1) of the Act, which applies to violations for which forfeitures are assessed under Section 503(b) of the Act, provides that "[f]or purposes of this section, the terms 'willful' and 'repeated', when used with respect to the commission or omission of an act, mean the conscious and deliberate (or reckless and deliberate) performance or failure to perform such act, irrespective of any intent to violate any provision of this Act or any rule, regulation, or order issued by the Commission under this Act."[26] Consistent with subsequent commission precedent, we conclude that Cardinal's violation of Section 9.5 was willful within the meaning of Section 312(f)(1) of the Act.[27]

9. We also have rejected Cardinal's assertion that its violation of Section 9.5(b) of the Rules was not "repeated."[28] Section 312(f)(2) of the Act provides that "[t]he term 'repeated' ... means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day."[29] As noted below, the record before us establishes that Cardinal's violation of Section 9.5(b) continued more than one day, in that it failed to remedy its violation until October 2, 2007.[30]

## B. Proposed Forfeiture Assessment with Section 503(b)(6)

10. In its Consolidated NAL Response, Cardinal also argues for the first time that 2011 service at the Mulberry condominium was fixed as early August of 2007.[31] Even months earlier than Cardinal included in its prior sworn statements.[32] On this basis Cardinal asserts that it was not aware of a violation that occurred during the 1st and 2nd prior to issuance of the NAL.[33] While section 503(b)(6) of the Act bars the Commission from proposing a forfeiture for a willful violation more than one year prior to the issuance of a notice of apparent liability for forfeiture,[34] we do not find Cardinal's latest claim to be credible or reliable. It is contradicted by Cardinal's own prior statements, including its March 2007 [illegible] and by the fact that Cardinal's own engineer, as declared, knew a month prior to the [illegible] proceeded to the Bureau during the course of the investigation.

This assertion, however, does not [illegible] service to the Mulberry condominium community at an earlier date (i.e., on August 15, 2007), *see infra* paras. 10-11, a critical issue which we have addressed in the [illegible] Notice of Apparent Liability, issued on [illegible] service to Mulberry residents on [illegible] of the service to Cardinal's [illegible] customers (the "Mulberry residents") [illegible] customers, as [illegible] customers).

## About Mail

Use Mail to read your e-mail messages, and to compose new messages using the on-screen keyboard.

Mail works with Microsoft Exchange, and many of the most popular Internet services—including Yahoo! Mail, Gmail, and AOL—as well as other industry-standard POP3 and IMAP mail services. You can view messages from all your accounts at once and Mail displays a message thread, so it's easy to follow a conversation. Send or receive audio, video, and virtually any kind of file as an attachment. Use a Web-based email account? Mail can access it, too. And if you receive messages in HTML format, Mail lets you view the formatted message in the e-mail message.

## Setting Up Email Accounts

You can set up an account on iPad in either of the following ways:

- Set up an account directly on iPad. See Adding Mail, Contacts, and Calendar Accounts on page 20.
- In iTunes, use the iPad settings pane to sync email accounts already from your computer. See Syncing with iTunes on page 23.

# Court Transcripts

*You may not think that court transcripts would be a good source for humor, but you'd be wrong, as the following exchanges from actual court transcripts reveal.*

Q1. "You said he threatened to kill you."

A1. "Yes. And he threatened to sue me."

Q1. "Oh, worse yet."

Q2. 'Doctor, how many autopsies have you performed on dead people?"

A2. "All my autopsies have been on dead people."

Q3. 'Now, Mrs. March, your complaint alleges that you have had problems with concentration since the accident. Does that condition continue today?"

A3. "No, not really. I take a stool softener now."

Q4. "You say that the stairs went down to the basement!"

A4. "Yes."

Q4. "And these stairs, did they go up also?"

Danny Walker is a 7th grade boy who is quite the amazing basketball player. He's living the dream. But even though he knows it's little, his team is over-competitive and wrong to do with this practice between his father, Coach, Richie Walker and Mr. Best. It's Road Ball. Richie decides to make his own Travel Team, the Warriors, for Danny's sake. Danny suspects it has something to do with him before signed by the Warriors, but he doesn't care. Later, Richie Walker, the Warriors coach, gets in a car accident and suspects Road Danny for the Travel coach, since he's in love with the sport and he's really good at it. He is not sure about it, but everyone agrees that he should be the coach. Don't miss this exciting story about a boy who faces tough problems, but rises to the challenge and overcomes.

# Determining Predation

Knowing the true fate of each tagged fish is imperative for acoustic telemetry survival studies. A critical assumption of survival estimation for acoustically tagged migrating species is that the radio/acoustic tag signals are from freely migrating fish (relatively unimpaired). While protocols for determining predator-like movement have been objectively defined for analyzing telemetry data, questions about their reliability put HTI on a path to develop a tool that directly indicates predation.

As a natural extension of acoustic telemetry studies, HTI developed a Predation Detection Tag that has the ability to signal when an acoustically tagged fish has been eaten by a predatory fish. Now in field testing, HTI's Predation Detection Tag is a promising new tool for optimizing fisheries management.

Detect & Identify Hundreds of Fish in One Area at the Same Time While Detecting Predation Events, too.

So, given the necessarily proprietary knowledge needed to respond to NSF and the universal ability to ignore it and continue with a DIS/DCS controlled call, what's the problem? The protocol is something called demod/remod. Virtually all the high capacity leased phone networks use some type of translation device to change the T.30 messages of a fax into an intermediate protocol (demodulation) so that they can achieve their transmission performance advantages over the standard PSTN over that protocol is changed back into T.30 (remodulation). This has become even more pointed with the advent of Voice over IP (VoIP) wherein the switched circuit PSTN is replaced by the switched packet Internet which requires a gateway of some sort to convert signals between them. Of late the intermediate protocol of choice has become T.38 transferred by UDPTL packets. As long as the gateways that have to perform this transcoding have a T.30 fax call to work with, all well and good. But what happens when the originating device communicating through a pair of these gateways discovers an NSF message from an answerer that it recognizes and responds to with an NSS and a blast of proprietary page code? The gateways simply throw up their hands and go out for a beer

A VoIP gateway becomes by nature of its operation a fax terminal. It has to field a T.38 call as though it were either answering the call (connected to the originating terminal) or originating the call (connected to the answering terminal), to send all faxes, a pair of gateways must sustain two simultaneous fax calls between themselves and the two fax terminals while transferring the T.38 intermediate protocol content between their IP ports. There is no spare bear to handle NSF/NSS. For their income, gateways of all types, VoIP and otherwise, either zero out the content of the NSF message or delete it entirely from each fax call they carry. This assures that their fax calls stay within the T.30 protocol and avoids their support of fax to dealing only with the vagaries of T.30's implementation as the terminals.

It sounds like a good solution right up until the user who actually bought himself fax machines because he liked their high-speed, clean page transmissions over the PSTN connects them to the VoIP gateways and is incensed that all his wonderful performance has evaporated!

In the late 70s, T.30 was created to make the machines something they had never been before, interoperable. But many of their manufacturers wanted to go outside of T.30 and continue to use some of their non-standard tricks and abilities. The suggested carrot had begun to make good on its promise to produce a bounty of affordable consumer electronics. This meant that the machines could go from being arcane, proprietary and extremely expensive to commodities. If only their makers could get over the temptation to make their units different in a way no one that could work with. Clearly a compromise was called for.

The T.30 facsimile protocol was written with many of its tolerances specified loosely enough to accommodate even of the odd stretch and compression of timing and signal content that had plagued fax interoperability since the inception of its market. In numerous places, it was carefully written to be as generally accepting as was possible and still support the desire the inter-operation that caused it to be created in the first place. What it couldn't do was accept all manner of odd page image resolutions, strange encoding and outright changes to the signal flow between terminals. Those manufacturers who really wanted to use their deeply proprietary

# Wikipedia

From Wikipedia, the free encyclopedia

[redacted]6

*see also*—) is a collaboratively edited, multilingual, free Internet encyclopedia that is supported by the non-profit Wikimedia Foundation. Volunteers worldwide collaboratively write Wikipedia's 30 million articles in 287 languages including over 4.4 million in the English Wikipedia. Anyone who can access the site can edit almost any of its articles whilst on the Internet comprise[4] the largest and most popular general reference work.[5][6][7][8][9] On 9 February 2014 *The New York Times* reported that Wikipedia is ranked fifth globally among all websites stating, "With 18 billion page views and nearly 500 million unique visitors a month according to the ratings firm comScore, Wikipedia trails just Yahoo, Facebook, Microsoft and Google, the largest with 1.2 billion unique visitors."[10]

Jimmy Wales and Larry Sanger launched Wikipedia on January 15, 2001, the latter[11] creating its name,[12] a portmanteau of *wiki* (the name of a type of collaborative website, from the Hawaiian word for "quick")[13] and *encyclopedia*.

Wikipedia's departure from the expert-driven style of encyclopedia-building and the presence of much unacademic content have received extensive attention in print media. In 2006, *Time* magazine recognized Wikipedia's participation in the rapid growth of online collaboration and interaction by millions of people around the world, in addition to YouTube, Reddit, MySpace, and Facebook.[11] Wikipedia has also become known as a news source because of the rapid update of articles related to breaking news.[15][16][17]

The open nature of Wikipedia has caused concerns about its writing,[18][19] the amount of vandalism,[20][21] and the accuracy of information. Some articles contain unverified or inconsistent information,[22] though a 2005 investigation in *Nature* showed that the 42 science articles they compared came close to the level of accuracy of *Encyclopædia Britannica*.[23]

Form **W-9**
(Rev. December 2014)
Department of the Treasury
Internal Revenue Service

# Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2.

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

Cargo Equipment Corporation

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only one of the following seven boxes:

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☒ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

Note. For a single-member LLC that is disregarded, do not check LLC; check the appropriate box in the line above for the tax classification of the single-member owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from FATCA reporting code (if any)

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)

13700 George Bush Court

6 City, state, and ZIP code

Huntley Illinois 60142

7 List account number(s) here (optional)

Requester's name and address (optional)

## Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

or

Employer identification number

3 6 - 2 5 7 8 6 6 6

**Note.** If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

## Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

**Certification instructions.** You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for page 3.

Sign Here — Signature of U.S. person ▶ [signature] Date ▶ 6-25-15

## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** Information about developments affecting Form W-9 (such as legislation enacted after we complete it) is at *www.irs.gov/fw9*.

### Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

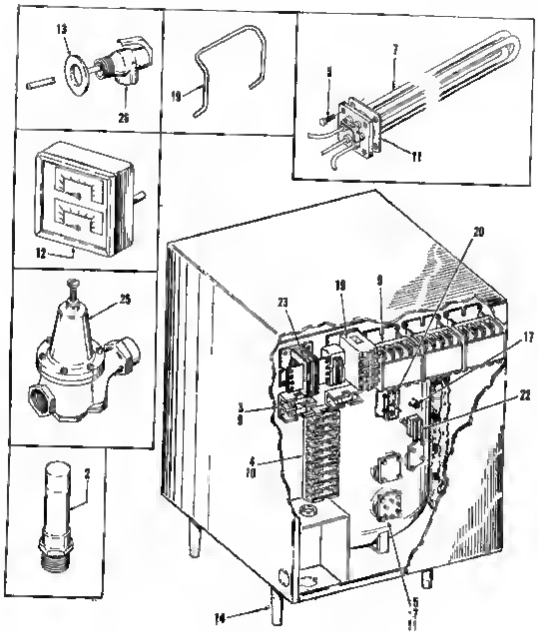
- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (proceeds from real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.



MODEL 50

# Jerk Chicken

Servings: 5-6 Provided by Chef Joshua

## Ingredients

- 1 4lb chicken, cut into 8 pieces
- 1/3 cup vegetable oil
- 1/4 cup white vinegar
- 2 tbsp fresh lime juice
- 2 tbsp ground allspice
- 2 tsp kosher salt
- 2 tsp freshly ground pepper
- 1 tbsp finely chopped ginger
- 1 tsp brown sugar
- 1/2 tsp ground cinnamon
- 3 large sprigs fresh thyme
- 5 scallions
- 2 cloves garlic
- 1/2 scotch bonnet pepper

## Directions

1. In a bowl combine oil, vinegar, lime juice, allspice, salt, pepper, ginger, sugar, cinnamon and thyme. Chop (do not blend) the green onions, garlic and scotch bonnet pepper as finely as possible, add to the oil mixture and stir well

2. Add the chicken to the spice mixture and, wearing gloves, massage the spice mixture into the chicken with your hands. Marinate, covered and refrigerated, for at least 5 hours or overnight.

3. Preheat the oven to 350 degrees F. Line a baking sheet with parchment paper.

4. Spread marinated chicken on the baking sheet. Cover with foil and bake for 30 minutes or until the chicken is just cooked through. Remove the foil and broil the chicken until browned, turning once for even browning. Don't overcook. Discard the thyme sprigs before serving.

5. This dish can also be cooked on a barbecue. Grill for 10-15 minutes or until the chicken is no longer pink at the bone, basting with the remaining marinade.

# Windows® Fax and Scan

*One place to scan and fax your documents*

**FAX** You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

**SCAN** After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

Spaces, places, higher travel line
and I'm reminded of how your'
linger all began
Don't you dare, don't you
attempt it
The moment was simple
the melody inside couldn't
have been lighter
And with time, the breeze that
haunts me.
will be
forgotten
You're left quite an impression
on me
A certain stare that always
told me of obvious tension,
intensions clear as day
though never mild
in reaction
One of two diamonds, but one less brilliant
I'd still screw your brother instead.
It begins as a simple tremble
then spread to ache like a burn.
It's a wound I stood dazzled to
whom will I learn. you would ever yearn.

# Dean's Meditation: Isolation

Cathedral of St John in NYC

THE VERY REVEREND DR. JAMES A. KOWALSKI

"We're all islands shouting lies to each other across seas of misunderstanding."

*Rudyard Kipling, The Light That Failed*

"Our society is so fragmented our family lives so sundered by physical and emotional distance, our friendships so sporadic, our intimacies so in between things and often so utilitarian that there are few places where we can feel truly safe."

*Harold S. M. Kushner, Life of the Beloved: Spiritual Living in a Secular World*

"We want to understand what importance our social connections have to people's biology. Early in human history, our species' survival required the protection of families and tribes; isolation meant death. The painful feeling known as loneliness is a prompt to reconnect to others."

*Dr. John T. Cacioppo, Professor in Social Neuroscience, The University of Chicago*

When The University of Chicago's John Cacioppo released his 2008 book *Loneliness: Human Nature and the Need for Social Connection*, co-authored with William Patrick, he had been researching the effects of loneliness for over two decades. His studies had revealed that loneliness actually compromises health. Cacioppo states on his University website:

> As a social species, humans create emergent organizations beyond the individual—structures that range from dyads, families, and groups to cities, civilizations, and international alliances. These emergent structures evolved hand in hand with neural, hormonal, cellular, and genetic mechanisms to support them because the consequent social behaviors helped humans survive, reproduce, and care for offspring sufficiently long that they too survived to reproduce.

It turns out that the need for social connection is so fundamental to humans that we literally contemplate it on the cellular level without it—blood pressure climbs, gene expression falters, cognition suffers, immune systems deteriorate, and aging accelerates as stress hormones overwhelm the body. Loneliness, rather than being a symptom of personality or a sign of weakness, functions like the stockpiles of powerful weapons and ammunition already in our communities to prevent the insidious behaviors of mentally disturbed perpetrators, we can do better when even our youngest citizens are new at risk.

My own real ministry began in Newtown Connecticut, in 1978. I spent four happy years there—as Trinity's Church's first curate or assistant. I learned firsthand that communities with a postcard beauty also have real people in them, with the full spectrum of success and failure despair and joy that the rest of us experience. The Reverend Frank G. Dunn now a senior priest in Washington, D.C. and for its three years Rector of Trinity Parish has written since the tragedy-

> The shadow side of Newtown has long been the fact that people expect life to be in such a place and are always somehow puzzled that heinous happen and tragedies strike shattering the peace and quiet of the town. Of course the death and ill us are for the forces that devastate Littleton and Denver and Portland and New York City and Washington, DC are lacking insidiously in the crannies and corners of the heads of Newtowners just as they do everywhere.

I worked with an array of parish and community leaders—young and older—to create Youth Services in Newtown from 1979–1982. The focus was not on remedial responses, such as counseling adolescents who seem to be having problems of course we did that. But we used what was called the positive youth development model we ch looked at communities and the systems of support—after-school buses and programs, youth job banks, host homes for kids in crisis, peer counseling teams, and community centers—that can break isolation and affect young people opportunities to "prove competence in healthy ways. I knew fam lies ravaged by violence and substance abuse—although I think there were fewer guns then. Let me be clear- we need better gun policies and background checks and there can be no Constitutional argument for something less when the more basic Constitutional protections of life and the pursuit of happiness depend on not being cut down by gun violence.

A friend of mine, Mark Goulston is a psychiatrist, business consultant, and executive coach who also ran and hostage-negotiations for the FBI. Mark co-founded *Heartfelt Leadership* L – Listen as the person feels heard

E – Empathize as the person feels understood

A Agree as the person feels something they said has been embraced

P Partner so that the person feels you are not fighting with or pushing them.

Mark Goulston knows that if aftercare for people stabilized in psych ataric facilities is to be effective we must acknowledge the high relapse rate. Patients are fam lies left on their own become "deinstitutionalized" and need to be re-hospitalized or readmitted to an inpatient alcohol c substance abuse program, a "revolving door" that is very costly in monetary and emotional terms to everyone t touches. So Life Adjustment Teams can be lifesavers—for patients and family as and potentially for others in the community. Goulston writes that trained case managers

> go out to patients wherever they are staying after discharge and (take) them to doctors' appointments, by ring them in on ki ds of early living and financial budgeting and even partic pate in recreational activities with them. Their results although not the "complete cure" we would al l he has greatly reduced the rate of relapse by as much as 80% in a wide range of patients.

It is difficult dear who knew about the problems Adam Lanza and his mother Nancy were facing. Some friends of hers said she spoke often of her older son but that they did not know anyth ng about Adam. Back in what, accord ng to Lyndsay Gibson John Cacioppo has learned about need rema

> Being lonely isn't the same as being alone. Cacioppo is careful to clarify the distinction in every public people and conference talk he gives (and) there are many, usually pretty crowded). Lonely people, he's found are as likely as anyone to be surrounded by coworkers, neighbors, friends, and family. They're no less attractive or intel igent or popular. What sets the lonely apart is a perceived isolation, the sense that their relationships do not meet their social needs.

Cacioppo found that doctors believe that the medical care they give patients is more effective when patients have supportive families and are not socially isolated. Studies show that living alone increases the risk of suicide for young and old. Lonely people express higher stress than non-lonely people even when

# Windows® Fax and Scan

*One place to scan and fax your documents*

**FAX:** You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

**SCAN:** After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans as any time. For more help with scanning, click the **Help** button on the toolbar.

**Prayer to St. Joseph over 1900 years old**

**O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord; so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen**

***Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail***

**This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.**

**Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.**

**Make this prayer known everywhere.**

Imprimatur

KONICA MINOLTA

EXCITING CHANGES!

Konica Minolta's Clean Planet Program is pleased to announce a new website (a redesign or new) designed as a one-stop shop for all your Clean Planet program needs. The new website offers easier access to registering your account, accessing your customer information, placing an order and obtaining tracking information for your recyclers. The new website also provides monthly reporting of the number of units and weight of printing consumables you have recycled through the Clean Planet Program!

COLLECTION AND RECYCLING PROCEDURES

**To begin:**

1. Assemble the collection box. Refer to directions for assembly on the box.
2. Remove all packaging from the cartridges before placing in the collection box.
3. Put **ANY** Konica Minolta remote from **ANY** laser or ink jet printer, fax machine, or photocopier into the box.

COLLECTION BOX IS FULL?

**Full Collection Box**

1. Seal the collection box with an enclosed clip.
2. When sealing the box, make sure the flap with the UPS label on it is facing out.
3. If UPS currently picks up or delivers to your location, leave the full & sealed cardboard box at your nominated UPS collection point.
4. If you need help scheduling a UPS pick up, you can use the website or call for assistance.
5. Insert a new liner into a new collection box and repeat the collection process.

**To order more collection boxes:**

Please visit our website (www.konicaminolta.com) or call 1-855-45-EARTH (1-855-453-2784) to request additional boxes.

# PREFERRED SEATING TICKET REQUEST FORM

**Please read the following before filling out form:**

- To purchase tickets, please fax the completed form below to the Fan Club office.
- Any incomplete or illegible requests forms will not be accepted.
- Requests will only be accepted for the first seven (7) days the tickets are on sale or until the Preferred Seating tickets are sold out, which ever comes first.
- Comparable ticket locations will be provided on the tickets may also vary.
- Only one show request per form.
- Ticket request forms are for tickets only, please do not include renewals. Memberships must be completed prior to on sale date.
- No follow-up calls will be accepted. You will receive an email confirmation within the next business day that your faxed request has been received and whether or not your ticket request can be processed. If you do not receive an email with 48 business hours, you can call or email to follow-up
- You will receive a 2nd email confirmation within 35 business days that your ticket request has been processed and instructions on where/when you can pick-up your tickets at the venue's box office.
- This offer is available on a first-come, first-serve basis. Membership does not guarantee ticket availability.
- Tickets are non-transferable. Names will not be changed once ticket request is received.
- The location of the Preferred Seating tickets vary at each concert but are all very good seats. It is important to note that Platinum Fan Club members only order the ticket once your mail has been received by mail/fax. Tickets will be assigned by the order in which the requests are received.

# HP Officejet [illegible]

1. **Set up the printer**

   Follow the instructions on the setup poster provided in the printer's control panel display.

2. **Install the HP printer software.**

   Go to the URL **hpnow.hp.com/printer/officejet/6820** and select the control panel and then follow the instructions on the screen.

   To install printer software from www.hp.com/support

   For Windows printer software is automatically installed. If you have not automatically installed when you insert the CD into your computer, double-click **Setup.exe**.

   For Mac, double-click the HP folder in the Applications folder, then double-click HP Installer.

   Install Driver Only to install the printer driver and the minimum software required for printing. Driver Only does not include the HP Help system or other software. For more information about using the printer software, see the electronic Help that is installed with the software.

   For Linux, go to **www.hp.com/go/linuxprinting**.

   Windows® 8.1: Click the down arrow in the lower left corner of the Start screen, select the printer name, click **Help**, and then select **Search HP Help**.

   Windows® 8: Right-click an empty area on the Start screen, click **All Apps** on the app bar, select the printer name, and then click **Help**, click the printer name, and then select **Search HP Help**.

   Windows® 7, Windows Vista®, and Windows XP®: From the Start menu, select **Programs** or **All Programs**, select **HP**, select the printer name, and then select **Help**.

   OS X v10.8 Mountain Lion, OS X v10.7 Lion, and OS X v10.6 Snow Leopard: From the Finder, choose **Help Center** from the **Help** menu. Click **Help for all your apps**, and then click the **Help** for your printer.

   The readme file contains information about system requirements and updated information about setting up and using the printer. To access the HP software on your computer, and to see the readme file, double-click **ReadMe.chm** (Windows) or open the file in folder **en**.

   Additional setup and information: **www.hp.com/go/support**. Printer registration: **www.register.hp.com**. Declaration of Conformity: **www.hp.eu/certificates**.

   Wireless printing: To print documents and photos from your mobile devices (such as a smartphone or tablet). For more information, see the HP Mobile Printing website: **www.hp.com/go/mobileprinting**.

# Documents Stack

Welcome to Mac OS X Snow Leopard.

The Dock in Snow Leopard includes a stack where you can go to quickly access frequently used files and applications right from the Dock.

Stacks are simple to use. Just drag any folder to the right side of the Dock and it will turn into a stack. Click a stack once to spring open the first 15 items in a grid. Click a stack and hold to fan out.

Mac OS X Snow Leopard includes three useful stacks called Documents, Downloads, and Applications. You can find these in the Documents stack. The Documents stack is a great place to keep things like presentations, spreadsheets, and word processing files. You can drag files to it or move them to the stack from an application.

Documents

Downloads

Applications

Stacks can instantly display their contents in a grid, fanned out in the shape of the stack, or as a list. You can also view the stack as a list. You pick the style from the shortcut menu or the stack shortcuts open in the style you last used.

Stacks can display the most recent items first, or you can sort them by name, date added, date modified, date last opened, or kind. Just choose the sorting method from the menu.

To remove a file from a stack, just open the stack and drag the file out where you want it. To delete a file, move it to the Trash. In fact, when you're done reading this document, you'll get a chance to try it.

## 42–01 Air Brake System Valve Inspecting

IMPORTANT There is no scheduled (Bendix) air valve maintenance that requires disassembly of the valve within the warranty period. If the valve does not function within the warranty period, do not disassemble the part as this will void the warranty.

See the following maintenance operations for information about Bendix air valve maintenance.

## 42–02 Bendix AD–9 Air Dryer Desiccant Replacing

IMPORTANT For vehicles equipped with an oil-coalescing air dryer desiccant cartridge, replace the cartridge once a year, regardless of mileage.

1 Park the vehicle on a level surface, apply the parking brakes, and shock the tires.

2 Completely drain all air reservoirs. Air pressure gauges should read 0 psi (0 kPa).

IMPORTANT The compressor discharge line may contain residual air pressure.

3 Identify, tag, and disconnect the three air lines from the end cover.

4 Disconnect the harness connector from the heater and thermostat assembly.

5 Loosen the capscrew that secures the upper mounting bracket strap.

6 Remove the two capscrews that secure the air dryer to the lower mounting bracket. Mark the position of the mounting bracket to the end cover, and mark the capscrews, to ease installation.

7 Remove the upper mounting bracket strap capscrew, and remove the air dryer from the vehicle.

8 Place the air dryer on a bench, and remove the remaining six capscrews, 12 washers, six nuts, and the air dryer housing. See **Fig. 1**. Discard the nuts. Remove the end-cover-to-housing O-ring.

9 Clamp the desiccant cartridge in a vise.

**⚠ WARNING**

**Clamping the end cover or housing in a vise could seriously compromise the air dryer's ability to hold air pressure, which could cause a failure in the brake system, resulting in property damage, personal injury, or death.**

10 Twist the end cover counterclockwise to release the cartridge from the end cover. Rotate the end cover until it completely separates from the desiccant cartridge.

NOTE A substantial torque, up to 60 lbf·ft (68 N·m), may be necessary to remove the desiccant cartridge.

11 Remove and discard desiccant cartridge O-rings.

**NOTICE**

**Dirt or obstructions in the O-ring grooves can cause an O-ring failure that will result in an air leak.**

12 Lubricate new O-rings with grease supplied in the kit and install them in the end cover.

13 Install the desiccant cartridge on the end cover. Turn the cartridge clockwise until the desiccant cartridge makes contact with the end cover.

14 Place the desiccant cartridge in a vise, and turn the end cover clockwise an additional 180 to 225 degrees to fully tighten the desiccant cartridge to the end cover.

NOTE Desiccant cartridge torque should not exceed 50 lbf·ft (68 N·m).

15 Place the housing over the desiccant cartridge, and align the mounting holes with the end cover.

16 Install the six bolts, 12 washers, and six new nuts. Torque the nuts in a star pattern 270 to 385 lbf·in (3060 to 4340 N·cm). See **Fig. 2**.

17 Install the air dryer on the lower mounting bracket. Install the two previously marked bolts, four washers, and two new nuts. Torque the two remaining nuts 270 to 385 lbf·in (3060 to 4340 N·cm). Install the bolt, two washers, and a new nut in the upper mounting bracket strap. Torque the upper mounting bracket strap nut 80 to 120 lbf·in (904 to 1356 N·cm).

Here's what you'll need to know

## Terms and Conditions of Verizon® Inside Wire Maintenance

Verizon offers the Inside Wire Maintenance for residential customers. Having the plan is more prerequisite for obtaining service from Verizon. The following terms and conditions will govern the provision of the plan.

**Description of the Plan**

**Inside Wire Maintenance.** This is an optional service which includes the following service. In accordance with Verizon's standard procedures, Verizon will perform such diagnostics and repairs to the Customer's standard inside telephone wire and jack(s) associated with each Verizon dial tone line covered under the Plan (subject to the Plan Exclusions listed below) that become necessary and are reported to Verizon while you are enrolled under the Plan. Trouble isolation can often be accomplished through office testing features. We reserve the right to dispatch at our discretion in to isolate service problems. If the problem is found to be in your telephone equipment, inside wire or jack(s) you will not be billed a service charge.

To request maintenance service under the Plan, the Customer should call the Verizon repair service telephone number or such other number as Verizon may designate.

**Charges**

The charges for the Plan are subject to change by Verizon from time to time, as more fully described in the next paragraph. All charges, plus all applicable taxes, shall be due and payable by the due date stated on Verizon's bill. Payments received after that date may be subject to a late payment charge.

**CHANGES IN MONTHLY CHARGES, TERMS AND CONDITIONS.** THE CHARGES FOR THE PLAN, AND ANY OTHER TERMS AND CONDITIONS APPLICABLE TO THE PLAN, MAY BE CHANGED BY VERIZON AT ANY TIME UPON AT LEAST THIRTY (30) DAYS PRIOR WRITTEN NOTICE (WHICH MAY BE IN THE FORM OF A BILL INSERT OR OTHER WRITTEN NOTIFICATION). THE PAYMENT OF APPLICABLE CHARGES BY THE CUSTOMER, OR A REQUEST FOR SERVICE UNDER THE PLAN, AFTER RECEIVING SUCH NOTICE OF A CHANGE IN THE CHARGES OR OTHER TERMS AND CONDITIONS WILL BE DEEMED TO BE ASSENT BY THE CUSTOMER TO THE CHANGE(S) IN THE CHARGES, TERMS OR CONDITIONS. IF THE CUSTOMER DOES NOT WISH TO CONTINUE RECEIVING THIS PLAN UNDER SUCH REVISED CHARGES, TERMS OR CONDITIONS, CUSTOMER MAY SIMPLY TERMINATE PARTICIPATION UNDER THE PLAN AT ANY TIME UPON NOTICE TO VERIZON.

**Limited 90-Day Warranty**

Verizon warrants for a period of 90 days that work performed and products delivered under the Plan will meet

## Ten things we know to be true

"The perfect search engine... says co-founder Larry Page, "would understand exactly what you mean and give back exactly what you want." When Google began, you would have been pleasantly surprised to enter a search query and immediately find the right answer. Google became successful precisely because we were better and faster at finding the right answer than other search engines at the time.

But technology has come a long way since then, and the face of the web has changed. Recognizing that search is a problem that will never be solved, we continue to push the limits of existing technology to provide a fast, accurate and easy-to-use service that anyone seeking information can access, whether they're at a desk in Boston or on a phone in Bangkok. We've also taken the lessons we've learned from search to tackle even more challenges.

As we keep looking towards the future, these core principles guide our actions.

> We first wrote these "10 things" several years ago. From time to time we revisit this list to see if it still holds true. We hope it does–and you can hold us to that. (September 2009)

1. **Focus on the user and all else will follow.**
   Since the beginning, we've focused on providing the best user experience possible. Whether we're designing a new Internet browser or a new tweak to the look of the homepage, we take great care to ensure that they will ultimately serve **you**, rather than our own internal goal or bottom line. Our homepage interface is clear and simple, and pages load instantly. Placement in search results is never sold to anyone, and advertising is not only clearly marked as such, it offers relevant content and is not distracting. And when we build new tools and applications, we believe they should work so well you don't have to consider how they might have been designed differently.

2. **It's best to do one thing really, really well.**
   We do search. With one of the world's largest research groups focused exclusively on solving search problems, we know what we do well, and how we could do it better. Through continued iteration on difficult problems, we've been able to solve complex issues and provide continuous improvements to a service that already makes finding information a fast and seamless experience for millions of people. Our dedication to improving search helps us

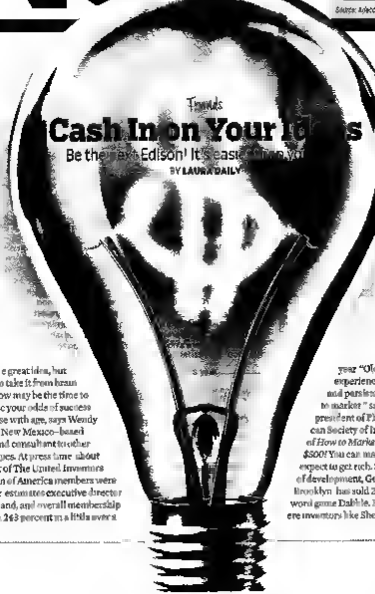
## Cash In on Your Ideas

Be the next Edison! It's easier than you

BY LAURA DAILY



■ You have a great idea, but you need to take it from brain to bank. Now may be the time to try, because your odds of success can increase with age, says Wendy Bubkins, a New Mexico–based inventor and consultant to other creative types. At press time, about 60 percent of The United Inventors Association of America members were 50 or older, estimates executive director Mark Reyland, and overall membership had grown 263 percent in a little over a year. "Older adults have more experience, plus the tenacity and persistence to get a product to market," says Jeffrey Dobkin, president of Philadelphia's American Society of Inventors and author of *How to Market a Product for Under $500!* You can make money, but don't expect to get rich. Sure, after two years of development, George Wess, 85, of Brooklyn, has sold 20 000 copies of his word game Dabble, but more common are inventors like Sheri Gregory, 54, of

# EYE LINES

A MAJOR PROBLEM HAS JUST LEPT OUT TO FACE US...

THE EYE LINES BETWEEN CARTOON CHARACTERS AND LIVE ACTION ONES ARE PROVING INCREDIBLY CRITICAL.

(NO WONDER MARY POPPINS WAS AWFUL IN THIS AREA!)

THE WHOLE TRICK IS BLOWN IF THE CARTOON PERSON DISCONNECTS HIMSELF FROM THE LIVE ACTORS EYELINE.

- IT SEEMS THAT ONLY 2 OR 3 FRAMES WRONG IS ALL THAT IS NEEDED TO BLOW THE ILLUSION.

THIS OBVIOUSLY HAS NEVER BEEN FACED OR SOLVED PROPERLY BEFORE AND SOMEHOW WE HAVE TO.

TAKE EXTRA CARE...

To change the overall look of your document, choose new Theme elements on the Page Layout tab. To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command. On the Theme gallery and the Quick Styles gallery, provide reset commands so that you can always restore the look of your document to the original contained in your current template. On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. When you create pictures, charts, or diagrams, they also coordinate with your current document look.

## How Can I Test My Fax Machine?

*I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?*

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

**To test the send functionality of your fax machine,** send a one page fax to 1 855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax.Toys — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

**To test the receive functionality of your fax machine,** point your web browser to Fax.Toys; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, I will automatically answer and spit out the test fax.
